Certified Functional Safety Expert Study

The Certified Functional Safety Expert (CFSE) program was set up initially by two functional safety certification companies back in the early 2000s. The stated intent was "to ensure that personnel performing SIS life-cycle activities are competent as required by the IEC 61508, 61511, and 62061 standards."

How to become a functional safety professional, CFSP or CFSE.

The CFSE (Certified Functional Safety Expert) concept was originally developed by engineers from TÜV SÜD and exida with the support of other international safety experts to ensure that personnel performing SIS lifecycle activities are competent as required by the IEC 61508, 61511, and 62061 standards. The program is the now administered by exida.
