In Whose Name A Public

The book proposes a public law theory of international adjudication, which sees international courts as multifunctional actors who exercise public authority and need democratic legitimacy. The book's theory's three main building blocks are: multifunctionality, international public authority, and democracy. The book thus wish to cut to the core of debates about the legitimacy of international adjudication with the driving question: In whose name do international courts decide?

In Whose Name?: A Public Law Theory of International ...

It establishes this theory on the basis of three main building blocks: multifunctionality, the notion of an international public authority, and democracy. The book aims to answer the core question of the legitimacy of international adjudication: in whose name do international courts decide?
