ABSTRACT. In this paper I seek to challenge the dominant modes of conceiving the relationship between memory and national identity, and in so doing offer analysts of nationalism an improved understanding of the dynamics of national identity formation. The concept of collective memory is invoked regularly in attempts to explain the pervasiveness and power of nationalism.

From Collective Memory to National Identity | Reform Judaism

National memory is a form of collective memory defined by

shared experiences and culture. It is an integral part to national identity. It represents one specific form of cultural memory, which makes an essential contribution to national group cohesion. Historically national communities have drawn upon commemorative ceremonies and monuments, myths and rituals, glorified individuals, objects, and events in their own history to produce a common narrative. According to Lorraine Ryan, national memory

Collective Memory and National Membership - Identity and ...

Abstract. This chapter analyzes the important functions of historical memory in collective identity formation. Ethnic, national, or religious identities are built on historical myths that define who a group member is, what it means to be a group member, and typically, who the group's enemies are.

This chapter provides a few frameworks to understand how historical memory can serve as a constitutive, relational, and purposive content for group identity.

Collective Memory and National Identity | SpringerLink

Collective memory is of more than passing academic interest. Hannah Arendt (1951, p. 423) defines totalitarianism as a system that forbids grief and remembrance; it severs an individual's or a group's relation to a continuous past. This obliteration of the past, for Arendt, is synonymous with the death of moral man.

Collective Memory - an overview |

ScienceDirect Topics

Abstract. This ethnographic study of two Native American social movement organizations challenging educational practices examines the collective memory processes that occur simultaneously and in conjunction with the process of collective identity to help maintain movement unity. Links between collective memory and collective identity are theoretically traced, and the concept of narrative commemoration is proposed to help explore two distinct processes which emerged in the analysis.

Palestinian Collective Memory And National Identity [EBOOK]

Collective memory refers to the shared pool of memories, knowledge and information of a social group that is significantly associated with the group's identity. The English phrase "collective

memory" and the equivalent French phrase "la mémoire collective" appeared in the second half of the nineteenth century. The philosopher and sociologist Maurice

Halbwachs analyzed and advanced the concept of the collective memory in the book "Les cadres sociaux de la mémoire". Collective memory can be ...
