State Of The Art And

STATE-OF-THE-ART | meaning in the Cambridge English Dictionary

The state of the art refers to the highest level of general development, as of a device, technique, or scientific field achieved at a particular time. However, in some contexts it can also refer to a level of development reached at any particular time as a result of the common methodologies employed at the time. The term has been used since 1910, and has become both a common term in

advertising and marketing, and a legally significant phrase with respect to both patent law and tort liability. In
