CONTINENTAL Aircraft Engines For Sale - Used, New, & Overhauled

The following email is fairly common in my line of work. It seems there are a number of airplanes (not just Taylorcrafts) out there with Continental A75 engines that have been substituted in place of Continental A65 engines. This is a logical upgrade and one that for many years was considered a benign change to the aircraft.

The A75 Continental Engine Dilemma - Blogger

Impulse Mags and the Continental A65- 8 Engine. Author: John Propst Technical Advisor: Bill Pancake. Abstract- Installation of an impulse magneto on the right side of a Continental A65-8 engine may result in an interference fit between the end of the magneto and the back of the engine crankcase. When Continental A65-8 engines were originally manufactured, they had a single impulse magneto mounted on the left side of the engine and a non-impulse magneto mounted on the right side of the engine.
