- The sustaining personalities in You Never Forget Your First publication additionally play a crucial duty in the story, with each one including depth and complexity to the story.
- From the lead character's faithful friend to the mysterious

complete stranger the antagonist befriends, the supporting cast helps to bring the globe of the tale to life.

Overall, the character development in this book is just one of its staminas. Each character is well-crafted and contributes to the overall tale, producing a truly satisfying read.

LAST JUDGMENT

After checking out and examining You Never Forget Your First from cover to cover, we have pertained to our last verdict.

The Pros

Among the primary highlights of this publication You Never Forget Your First is its unique storytelling style which maintains the visitors engaged throughout the book. Moreover, the well-developed characters make guide a lot more relatable and enjoyable to review. Additionally, the story twists maintain the reader on their toes, making guide uncertain and interesting.

The Disadvantages

However, there were some aspects that we located doing not have. The pacing of You Never Forget Your First was sluggish at times, that made it feel dragged out. Additionally, there were some loose ends that were not locked up by the end of guide, which left us with unanswered inquiries.

Final Ideas

Generally, our team believe that You Never Forget Your First is worth a read, despite some minor defects. The unique narration design, relatable personalities, and plot spins make it a beneficial addition to your shelf. So, if you're looking for a captivating read, You Never Forget Your First is absolutely worth considering.

You Never Forget Your First

A Biography of George Washington Viking

"In a genre overdue for a shakeup, Alexis Coe takes a closer look at our first--and finds he's not quite the man we remember Young George Washington was raised by a struggling single mother, demanded military promotions, chased rich young women, caused an international incident, and never backed down--even when his dysentery got so bad he had to ride with a cushion on his saddle. But after he married Martha, everything changed. Washington became the kind of man who named his dog Sweetlips and hated to leave home. He took up arms against the British only when there was no other way, though he lost more battles than he won. Coe focuses on his activities off the battlefield--like espionage and propaganda. After an unlikely victory in the Revolutionary War, Washington once again shocked the world by giving up power, only to learn his compatriots wouldn't allow it. The founders pressured him into the presidency--twice. He established enduring norms but left office heartbroken over the partisan nightmare his backstabbing cabinet had created. Back on his plantation, the man who fought for liberty finally confronted his greatest hypocrisy--what to do with the hundreds of men, women, and children he owned--before succumbing to a brutal death. Alexis Coe combines rigorous research and unsentimental storytelling, finally separating the man from the legend."--

You Never Forget Your First Earl Zebra Books

In this Regency romance, an English aristocrat needs a wife for his post, but the woman he chooses is searching for love. With her three good friends all recently married, Elizabeth Turley is ready for some husband-hunting of her own. One gentleman in

particular sparks her interest. Geoffrey, Earl of Harrington is tall, handsome, and dashing. He's also just a bit too sure of himself. But Elizabeth has observed enough about the rules of attraction to pique the earl's attention. Yet once she has it, the discovery of a troubling secret taints her future happiness... Lord Harrington must marry or lose a prestigious position in Brussels, and pretty, well-connected Elizabeth fits his needs admirably. But could it be that he has underestimated his bride? She doesn't bat an eye in the face of the danger they encounter overseas. She's strong-willed, intelligent, and more enticing each day—yet also more indifferent to him. Now Geoffrey faces his greatest challenge: to woo and win his own wife, or risk losing her for good... Praise for the USA Today-bestselling Worthingtons series "The happy and chaotic family life that takes place around the edges of the love story is what makes this novel so delightful. A fun read."—Kirkus Reviews on *It Started with a Kiss* "Quinn offers a refreshing take on historical-romance conventions.... Grace Burrowes' readers will also appreciate the intelligent commentary on issues of the day."—Booklist on *When a Marquis Chooses a Bride*

Never Forget Your First Love *Go to Publish*

This book shows the poetic journey and testament of overcoming many struggles which all humans have. The passion for writing the book was fuelled by how we strive in our daily walk to serve God, from whence all his blessings flow. The testimonies within these vibrant verses represent all the miracles witnessed by the author, from watching his parents serve God, work hard and provide for their family. This book shows how grateful the author is for all the abundant blessings that they've done for him.

Washington

A Life *Penguin*

From the author of Alexander Hamilton, the New York Times bestselling biography that inspired the musical, comes a gripping portrait of the first president of the United States. Winner of the 2011 Pulitzer Prize for Biography "Truly magnificent . . . [a] well-researched, well-written and absolutely definitive biography" —Andrew Roberts, *The Wall Street Journal* "Until recently, I'd never believed that there could be such a thing as a truly gripping biography of George Washington . . . Well, I was wrong. I can't recommend it highly enough—as history, as epic, and, not least, as entertainment." —Hendrik Hertzberg, *The New Yorker* Celebrated biographer Ron Chernow provides a richly nuanced portrait of the father of our nation and the first president of the United States. With a breadth and depth matched by no other one volume biography of George Washington, this crisply paced narrative carries the reader through his adventurous early years, his heroic exploits with the Continental Army during the Revolutionary War, his presiding over the Constitutional Convention, and his magnificent performance as America's first president. In this groundbreaking work, based on massive research, Chernow shatters forever the stereotype of George Washington as a stolid, unemotional figure and brings to vivid life a dashing, passionate man of fiery opinions and many moods. Lin-Manuel Miranda's smash Broadway musical *Hamilton* has sparked new interest in the Revolutionary War and the Founding Fathers. In addition to Alexander Hamilton, the production also features George Washington, Thomas Jefferson, James Madison, Aaron Burr, Lafayette, and many more.

You Never Forget Your First

Ballplayers Recall Their Big League Debuts *Potomac Books, Inc.*

Having already penned *Getting in the Game*, his inside scoop on the mayhem within baseball's winter meetings, Josh Lewin once again gives baseball fans a window into the big leagues. By interviewing big league ballplayers about their first day in the majors, Lewin creates fascinating mini-biographies of the players, highlighting the personalities hidden behind the on-field accomplishments. He lets the players recount their own memories of how they made it to the big leagues. In *You Never Forget Your First*, Lewin shares the stories of players great and less so. Tony Gwynn recalls singling in his first at bat and finding Pete Rose waiting for him at first base with a wink and a warning: "Don't break my record all at once, kid." Bob Brenly heard of his call-up on the car radio while on a family trip to the Grand Canyon. He then stood helplessly in the middle of the Arizona desert after his transmission gave out, trying to convince passersby he was a ballplayer heading to the big leagues and needed a lift to the airport. Duane Kuiper witnessed a fight both on the field and in his own clubhouse his first day in Cleveland. Greg Maddux recalls being stuck at the Chicago River drawbridge, convinced he'd never make it to Wrigley Field in time for his debut. Lewin interviews modern star players such as A-Rod, Barry Bonds, and Manny Ramirez, as well as Hall of Famers such as Jim Palmer, Don Sutton, and George Brett. More than 100 popular baseball players are profiled, complete with the box scores of their big league debuts.

Never Forget Your Name

The Children of Auschwitz *John Wiley & Sons*

The children of Auschwitz: this is the darkest spot in the ocean of suffering that was the Holocaust. They were deported to the concentration camp with their families, with most being murdered in the gas chambers upon their arrival, or were born there under unimaginable circumstances. While 232,000 children and juveniles were deported to Auschwitz, only 750 were liberated in the death camp at the end of January 1945. Most of them were under 15 years of age. Alwin Meyer's masterwork is the culmination of decades of research and interviews with the children and their descendants, sensitively reconstructing their stories before, during and after Auschwitz. The camp would remain with them throughout their lives: on their forearms, as a tattooed number, and in their minds, in the memory of heart-rending separation from parents and siblings, medical experiments, abject confusion, ceaseless hunger and a perpetual longing for home and security. Once the purported liberation came, there was no blueprint for piecing together personal biographies after the unthinkable had happened. Many of the children, often orphaned, had forgotten their names or ages, and had only fragmented understandings of where they came from. While some struggled to reconnect to the parents from whom they had been separated, others had known nothing other than the camp. Some children grew up without the ability to trust and to play. Survival is not yet life – it is an in-between stage which requires individuals to learn how to live. The liberated children had to learn how to be young again in order to grow into adults like others did. This remarkable book tells the stories of the most vulnerable victims of the Nazis' systematic attempt to extinguish innocent lives, and rescues their voices from historical oblivion. It is a unique testimony to the horrific suffering endured by millions in humanity's darkest hour.

Can't Forget You *Forever*

YOU NEVER FORGET YOUR FIRST LOVE Jessica Flynn can't wait to buy up that patch of unspoiled North Carolina woodland next door and expand her spa. What could be more sensuous than a

hot-tub soak under the stars? Jessica would love to bask in the romantic view herself-but first she needs to find the right man to join her in this fantasy. Back in high school, she thought that was the dark and brooding Mark Dalton. But then he left to join the Special Forces, and when he returned to town, it felt like their teenage love affair had never even happened. Mark Dalton has his eye on the same property for his own business. Yet there's something he wants to have even more. Because Jessica is sweeter than he remembered, and he's finding it hard to resist his attraction to the competition. When they finally find themselves alone, deep in the forest, nature can't help but run a little wild. But if she ever finds out what he's been hiding all these years, she may never forgive him...

Travels with George

In Search of Washington and His Legacy *Penguin*

NEW YORK TIMES BESTSELLER "Travels with George . . . is quintessential Philbrick—a lively, courageous, and masterful achievement." —The Boston Globe Does George Washington still matter? Bestselling author Nathaniel Philbrick argues for Washington's unique contribution to the forging of America by retracing his journey as a new president through all thirteen former colonies, which were now an unsure nation. *Travels with George* marks a new first-person voice for Philbrick, weaving history and personal reflection into a single narrative. When George Washington became president in 1789, the United States of America was still a loose and quarrelsome confederation and a tentative political experiment. Washington undertook a tour of the ex-colonies to talk to ordinary citizens about his new government, and to imbue in them the idea of being one thing—Americans. In the fall of 2018, Nathaniel Philbrick embarked on his own journey into what Washington called "the infant woody country" to see for himself what America had become in the 229 years since. Writing in a thoughtful first person about his own adventures with his wife, Melissa, and their dog, Dora, Philbrick follows Washington's presidential excursions: from Mount Vernon to the new capital in New York; a monthlong tour of Connecticut, Massachusetts, New Hampshire, and Rhode Island; a venture onto Long Island and eventually across Georgia, South Carolina, and North Carolina. The narrative moves smoothly between the eighteenth and twenty-first centuries as we see the country through both Washington's and Philbrick's eyes. Written at a moment when America's founding figures are under increasing scrutiny, *Travels with George* grapples bluntly and honestly with Washington's legacy as a man of the people, a reluctant president, and a plantation owner who held people in slavery. At historic houses and landmarks, Philbrick reports on the reinterpretations at work as he meets reenactors, tour guides, and other keepers of history's flame. He paints a picture of eighteenth-century America as divided and fraught as it is today, and he comes to understand how Washington compelled, enticed, stood up to, and listened to the many different people he met along the way—and how his all-consuming belief in the union helped to forge a nation.

You Never Forget Your First: A Collection of New York Rangers Firsts.

Sixty-one current and former Broadway Blueshirts players and coaches share their memories of their time with one of the NHL's most beloved franchises in *You Never Forget Your First: A Collection of New York Rangers Firsts*. Mark Rosenman and Howie Karpin have collected reminiscences from such fan favorites as Rod Gilbert, Brad Park, Pete Stemkowski, Dave Maloney, Don Murdoch, Barry Beck, John Vanbiesbrouck, Brian Leetch, Mike

Richter, Stephane Matteau, Henrik Lundqvist and many others. Spanning more than 60 years, from Eddie Shack in 1958 to Adam Fox in 2019, these proud Rangers cover everything from playing for and with their first coaches and captains to their first training camps, playoff games, and even their first fights and so much more. As former Rangers captain Ryan Callahan writes in his foreword to this unique book, "the players provide a look into the life of a professional hockey player with their stories and recollections. Starting with when they were kids and then as they progressed into manhood and a career in the NHL, the players in this book all bring something to the table that will enlighten any hockey fan."

Can You Forget Your First Love? *Notion Press*

I am sure the title reminded you of someone. Maybe it brought a tiny smile on your face, remembering someone; maybe a flashback moment, which was definitely more than a moment that knocked your heart; maybe some frustration that crept in your mind, leaving some creases on your forehead; or maybe you just felt like ignoring it after the initial thought. Whatever the case may be, it simply means that it is still alive deep in your heart, maybe imprisoned by the walls of anger, hatred, ego or guilt—irrespective of your acceptance. Is it necessary to forget your first love? It is a question that arises in the minds of many. Some say yes, and some say no, while others just ignore it. Read the story, and I am sure you can relate to it, one way or another, and who knows, you might find an answer.

Washington's End

The Final Years and Forgotten Struggle *Scribner*

Popular historian and former White House speechwriter Jonathan Horn "provides a captivating and enlightening look at George Washington's post-presidential life and the politically divided country that was part of his legacy" (New York Journal of Books). Beginning where most biographies of George Washington leave off, *Washington's End* opens with the first president exiting office after eight years and entering what would become the most bewildering stage of his life. Embittered by partisan criticism and eager to return to his farm, Washington assumed a role for which there was no precedent at a time when the kings across the ocean yielded their crowns only upon losing their heads. In a different sense, Washington would lose his head, too. In this riveting read, bestselling author Jonathan Horn reveals that the quest to surrender power proved more difficult than Washington imagined and brought his life to an end he never expected. The statesman who had staked his legacy on withdrawing from public life would feud with his successors and find himself drawn back into military command. The patriarch who had dedicated his life to uniting his country would leave his name to a new capital city destined to become synonymous with political divisions. A "movable feast of a book" (Jay Winik, New York Times bestselling author of 1944), immaculately researched, and powerfully told through the eyes not only of Washington but also of his family members, friends, and foes, *Washington's End* is "an outstanding biographical work on one of America's most prominent leaders (Library Journal).

The Partly Cloudy Patriot *Simon and Schuster*

The author shares her perspective on such topics as the 2000 election, present-day civil rights activists, and the relationship between the United States and Canada.

George Washington

The Political Rise of America's Founding Father *Penguin*

A fascinating and illuminating account of how George Washington became the dominant force in the creation of the United States of America, from award-winning author David O. Stewart "An outstanding biography . . . [George Washington] has a narrative drive such a life deserves."—The Wall Street Journal Washington's rise constitutes one of the greatest self-reinventions in history. In his mid-twenties, this third son of a modest Virginia planter had ruined his own military career thanks to an outrageous ego. But by his mid-forties, that headstrong, unwise young man had evolved into an unassailable leader chosen as the commander in chief of the fledgling Continental Army. By his mid-fifties, he was unanimously elected the nation's first president. How did Washington emerge from the wilderness to become the central founder of the United States of America? In this remarkable new portrait, award-winning historian David O. Stewart unveils the political education that made Washington a master politician—and America's most essential leader. From Virginia's House of Burgesses, where Washington mastered the craft and timing of a practicing politician, to his management of local government as a justice of the Fairfax County Court to his eventual role in the Second Continental Congress and his grueling generalship in the American Revolution, Washington perfected the art of governing and service, earned trust, and built bridges. The lessons in leadership he absorbed along the way would be invaluable during the early years of the republic as he fought to unify the new nation.

I'll Never Forget My First Car**Stories from Behind the Wheel** *Dundurn*

In this hilarious collection of stories, Old Autos columnist Bill Sherk describes in vivid detail the trials and tribulations of those brave souls who, throwing caution to the wind and money down the drain, made the fateful decision that would forever change the course of their lives. They went out and bought their very first cars. And whether it came from the showroom or the scrapyard, your first car was your ticket of admission into the adult world. Gas, oil, repairs, tow trucks, speeding tickets, insurance, and fender benders would take a vacuum cleaner to your bank account, but you didn't care. You were behind the wheel and on the road.

The Zealot and the Emancipator**John Brown, Abraham Lincoln and the Struggle for American Freedom** *Anchor*

"What do moral people do when democracy countenances evil? The question, implicit in the idea that people can govern themselves, came to a head in America at the middle of the nineteenth century, in the struggle over slavery. John Brown's answer was violence--violence of a sort some in later generations would call terrorism. Brown was a deeply religious man who heard the God of the Old Testament speaking to him, telling him to do whatever was necessary to destroy slavery. When Congress opened Kansas territory to slavery, the eerily charismatic Brown raised a band of followers to wage war against the evil institution. One dark night his men tore several proslavery settlers from their homes and hacked them to death with broadswords, as a bloody warning to others. Three years later Brown and his men assaulted the federal arsenal at Harpers Ferry, Virginia, with the goal of furnishing slaves with weapons to murder their masters in a race war that would cleanse the nation of slavery once and for all. Abraham Lincoln's answer was politics. Lincoln was an ambitious lawyer and former office-holder who read the Bible not for moral

guidance but as a writer's primer. He disliked slavery yet didn't consider it worth shedding blood over. He distanced himself from John Brown and joined the moderate wing of the new, antislavery Republican party. He spoke cautiously and dreamed big, plotting his path to Washington and perhaps the White House. Yet Lincoln's caution couldn't preserve him from the vortex of violence Brown set in motion. Arrested and sentenced to death, Brown comported himself with such conviction and dignity on the way to the gallows that he was canonized in the North as a martyr to liberty. Southerners responded in anger and horror that a terrorist was made into a saint. Lincoln shrewdly threaded the needle of the fracturing country and won election as president, still preaching moderation. But the time for moderation had passed. Slaveholders lumped Lincoln with Brown as an enemy of the Southern way of life; seven Southern states left the Union. Lincoln resisted secession, and the Civil War followed. At first a war for the Union, it became the war against slavery Brown had attempted to start. Before it was over, slavery had been destroyed, but so had Lincoln's faith that democracy can resolve its moral crises peacefully"--

Never Forget**A Victor Lessard Thriller** *Dundurn*

As the bodies pile up, Montreal police detective Victor Lessard and his partner, Jacinthe Taillon, must race to prevent the killer from inflicting a horrible death on a well-known political figure.

Never Forget**Where You Came From** *Independently Published*

The years have not been kind to him. The trouble soon begins!

We'll Never Forget You, Roberto Clemente *Turtleback*

Story of the pro baseball player.

The Tragedy of Benedict Arnold: An American Life *Simon and Schuster*

A vivid and timely re-examination of one of young America's most complicated figures: the war hero turned infamous traitor, Benedict Arnold. Proud and talented, history now remembers this conflicted man solely through the lens of his last desperate act of treason. Yet the fall of Benedict Arnold remains one of the Revolutionary period's great puzzles. Why did a brilliant military commander, who repeatedly risked his life fighting the British, who was grievously injured in the line of duty, and fell into debt personally funding his own troops, ultimately become a traitor to the patriot cause? Historian Joyce Lee Malcolm skillfully unravels the man behind the myth and gives us a portrait of the true Arnold and his world. There was his dramatic victory against the British at Saratoga in 1777 and his troubled childhood in a pre-revolutionary America beset with class tension and economic instability. We witness his brilliant wartime military exploits and learn of his contentious relationship with a newly formed and fractious Congress, fearful of powerful military leaders, like Arnold, who could threaten the nation's fragile democracy. Throughout, Malcolm weaves in portraits of Arnold's great

allies—George Washington, General Schuyler, his beautiful and beloved wife Peggy Shippen, and others—as well as his unrelenting enemy John Adams, British General Clinton, and master spy John Andre. Thrilling and thought-provoking, *The Tragedy of Benedict Arnold* sheds new light on a man—as well on the nuanced and complicated time in which he lived.

Never Caught

The Washingtons' Relentless Pursuit of Their Runaway Slave, Ona Judge *Simon and Schuster*

A startling and eye-opening look into America's First Family, *Never Caught* is the powerful story about a daring woman of "extraordinary grit" (*The Philadelphia Inquirer*). When George Washington was elected president, he reluctantly left behind his beloved Mount Vernon to serve in Philadelphia, the temporary seat of the nation's capital. In setting up his household he brought along nine slaves, including Ona Judge. As the President grew accustomed to Northern ways, there was one change he couldn't abide: Pennsylvania law required enslaved people be set free after six months of residency in the state. Rather than comply, Washington decided to circumvent the law. Every six months he sent the slaves back down south just as the clock was about to expire. Though Ona Judge lived a life of relative comfort, she was denied freedom. So, when the opportunity presented itself one clear and pleasant spring day in Philadelphia, Judge left everything she knew to escape to New England. Yet freedom would not come without its costs. At just twenty-two-years-old, Ona became the subject of an intense manhunt led by George Washington, who used his political and personal contacts to recapture his property. "A crisp and compulsively readable feat of research and storytelling" (*USA TODAY*), historian and National Book Award finalist Erica Armstrong Dunbar weaves a powerful tale and offers fascinating new scholarship on how one young woman risked everything to gain freedom from the famous founding father and most powerful man in the United States at the time.

First and Always

A New Portrait of George Washington *University of Virginia Press*

George Washington may be the most famous American who ever lived, and certainly is one of the most admired. While surrounded by myths, it is no myth that the man who led Americans' fight for independence and whose two terms in office largely defined the presidency was the most highly respected individual among a generation of formidable personalities. This record hints at an enigmatic perfection; however, Washington was a flesh-and-blood man. In *First and Always*, celebrated historian Peter Henriques illuminates Washington's life, more fully explicating his character and his achievements. Arranged thematically, the book's chapters focus on important and controversial issues, achieving a depth not possible in a traditional biography. *First and Always* examines factors that coalesced to make Washington such a remarkable and admirable leader, while also chronicling how Washington mistreated some of his enslaved workers, engaged in extreme partisanship, and responded with excessive sensitivity to criticism. Henriques portrays a Washington deeply ambitious and always hungry for public adoration, even as he disclaimed such desires. In its account of an amazing life, *First and Always* shows how, despite profound flaws, George Washington nevertheless deserves to rank as the nation's most consequential leader, without whom the American experiment in republican government would have died in infancy.

I'll Never Forget the Love that I Shared with You

A Collection of Poems *Blue Mountain Arts*

Ask a Manager

How to Navigate Clueless Colleagues, Lunch-Stealing Bosses, and the Rest of Your Life at Work *Ballantine Books*

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

The Cabinet

George Washington and the Creation of an American Institution *Harvard University Press*

The US Constitution never established a presidential cabinet—the delegates to the Constitutional Convention explicitly rejected the idea. So how did George Washington create one of the most powerful bodies in the federal government? On November 26, 1791, George Washington convened his department secretaries—Alexander Hamilton, Thomas Jefferson, Henry Knox, and Edmund Randolph—for the first cabinet meeting. Why did he wait two and a half years into his presidency to call his cabinet? Because the US Constitution did not create or provide for such a body. Washington was on his own. Faced with diplomatic crises, domestic insurrections, and constitutional challenges—and finding congressional help lacking—Washington decided he needed a group of advisors he could turn to. He modeled his new cabinet on the councils of war he had led as commander of the Continental Army. In the early days, the cabinet served at the president's pleasure. Washington tinkered with its structure throughout his administration, at times calling regular meetings, at other times preferring written advice and individual

discussions. Lindsay M. Chervinsky reveals the far-reaching consequences of Washington's choice. The tensions in the cabinet between Hamilton and Jefferson heightened partisanship and contributed to the development of the first party system. And as Washington faced an increasingly recalcitrant Congress, he came to treat the cabinet as a private advisory body to summon as needed, greatly expanding the role of the president and the executive branch.

The Victory Machine

The Making and Unmaking of the Warriors Dynasty *PublicAffairs*

How money, guts, and greed built the Warriors dynasty -- and then took it apart The Golden State Warriors dominated the NBA for the better part of a decade. Since the arrival of owner Joe Lacob, they won more championships and sold more merchandise than any other franchise in the sport. And in 2019, they opened the doors on a lavish new stadium. Yet all this success contained some of the seeds of decline. Ethan Sherwood Strauss's clear-eyed exposé reveals the team's culture, its financial ambitions and struggles, and the price that its players and managers have paid for all their winning. From Lacob's unlikely acquisition of the team to Kevin Durant's controversial departure, Strauss shows how the smallest moments can define success or failure for years. And, looking ahead, Strauss ponders whether this organization can rebuild after its abrupt fall from the top, and how a relentless business wears down its players and executives. The Victory Machine is a defining book on the modern NBA: it not only rewrites the story of the Warriors, but shows how the Darwinian business of pro basketball really works.

Big Top Otto *Kids Can Press Ltd*

Following a lead about his missing friend Georgie, Otto and his sidekick Crackers set out to investigate Punkratz and Pinky Traveling Circus.

First Date Stories

Women's Romantic and Ridiculous Midlife Adventures *She Writes Press*

Ellen meets Jim at a posh restaurant, hoping for an evening of fine wine and better conversation. Maria sets out on a walk with a man she's been looking forward to meeting. In First Date Stories, these women, and others, enter into initial liaisons with well-honed expectations—and come out on the other side with extraordinary tales to tell. Chances are, every woman in her mid-thirties and over who is seeking a loving companion has a first date tale of triumph or disaster. Each of the candid and memorable stories Jodi Klein shares here imparts a bit of wisdom—with the help of takeaway tips and inspirational quotes—to guide readers through what can be a baffling, intimidating, and sometimes lonely journey. Before a promising first date, or after an awful one, First Date Stories offers readers the reminder that being single should be celebrated, that not all first dates are created equal, and that every initial encounter has the possibility to become something long-lasting and wonderful.

Franchise: The Golden Arches in Black America *Liveright Publishing*

WINNER • 2021 PULITZER PRIZE IN HISTORY The “stunning” (David W. Blight) untold history of how fast food became one of the greatest generators of black wealth in America. Just as The Color of Law provided a vital understanding of redlining and racial segregation, Marcia Chatelain's Franchise investigates the

complex interrelationship between black communities and America's largest, most popular fast food chain. Taking us from the first McDonald's drive-in in San Bernardino to the franchise on Florissant Avenue in Ferguson, Missouri, in the summer of 2014, Chatelain shows how fast food is a source of both power—economic and political—and despair for African Americans. As she contends, fast food is, more than ever before, a key battlefield in the fight for racial justice.

Never Forget Us *Tracy Lorraine*

Jayden Baxter wasn't my type but he turned out to be everything I didn't know I needed. It's been five years since he shattered my heart. I have a good life, a fantastic son and a loving boyfriend. The last thing I need is him throwing it into a tailspin once again. But just like when we first met, the connection between us leads me to do things I never thought I was capable of. Things I'm going to regret. The only problem...it's not just about the two of us any more. I'll never forget us...what we had. But is it best left in the past? Never Forget Us is the continuation of Tracy Lorraine's steamy military romance series, Never Forget.

A Window Opens

A Novel *Simon and Schuster*

"From the beloved books editor at Glamour magazine comes a heartfelt and painfully funny debut about what happens when a wife and mother of three leaps at the chance to fulfill her professional destiny--only to learn every opportunity comes at a price. In A Window Opens, Elisabeth Egan brings us Alice Pearse, a compulsively honest, longing-to-have-it-all, sandwich generation heroine for our social-media-obsessed, lean in (or opt out) age. Like her fictional forebears Kate Reddy and Bridget Jones, Alice plays many roles (which she never refers to as "wearing many hats" and wishes you wouldn't, either). She is a mostly-happily married mother of three, an attentive daughter, an ambivalent dog-owner, a part-time editor, a loyal neighbor, and a Zen commuter. She is not: a cook, a craftswoman, a decorator, an active PTA member, a natural caretaker, or the breadwinner. But when her husband makes a radical career change, Alice is ready to lean in--and she knows exactly how lucky she is to land a job at Scroll, a hip young start-up which promises to be the future of reading, with its chain of chic literary lounges and dedication to beloved classics. The Holy Grail of working mothers--an intellectually satisfying job and a happy personal life--seems suddenly within reach. Despite the disapproval of her best friend, who owns the local bookstore, Alice is proud of her new "balancing act" (which is more like a three-ring circus) until her dad gets sick, her marriage flounders, her babysitter gets fed up, her kids start to grow up, and her work takes an unexpected turn. Fans of I Don't Know How She Does It, Where'd You Go Bernadette, and The Storied Life of A.J. Fikry will cheer as Alice realizes the question is not whether it's possible to have it all, but what does she--Alice Pearse--really want?"--

Franklin & Washington

The Founding Partnership *HarperCollins*

"Larson's elegantly written dual biography reveals that the partnership of Franklin and Washington was indispensable to the success of the Revolution." —Gordon S. Wood From the Pulitzer Prize-winning historian comes a masterful, first-of-its-kind dual biography of Benjamin Franklin and George Washington, illuminating their partnership's enduring importance. One of USA Today's "Must-Read Books" of Winter 2020 • One of Publishers

Weekly's "Top Ten" Spring 2020 Memoirs/Biographies Theirs was a three-decade-long bond that, more than any other pairing, would forge the United States. Vastly different men, Benjamin Franklin—an abolitionist freethinker from the urban north—and George Washington—a slaveholding general from the agrarian south—were the indispensable authors of American independence and the two key partners in the attempt to craft a more perfect union at the Constitutional Convention, held in Franklin's Philadelphia and presided over by Washington. And yet their teamwork has been little remarked upon in the centuries since. Illuminating Franklin and Washington's relationship with striking new detail and energy, Pulitzer Prize-winning historian Edward J. Larson shows that theirs was truly an intimate working friendship that amplified the talents of each for collective advancement of the American project. During the French and Indian War, Franklin supplied the wagons for General Edward Braddock's ill-fated assault on Fort Duquesne, and Washington buried the general's body under the dirt road traveled by those retreating wagons. After long supporting British rule, both became key early proponents of independence. Rekindled during the Second Continental Congress in 1775, their friendship gained historical significance during the American Revolution, when Franklin led America's diplomatic mission in Europe (securing money and an alliance with France) and Washington commanded the Continental Army. Victory required both of these efforts to succeed, and success, in turn, required their mutual coordination and cooperation. In the 1780s, the two sought to strengthen the union, leading to the framing and ratification of the Constitution, the founding document that bears their stamp. Franklin and Washington—the two most revered figures in the early republic—staked their lives and fortunes on the American experiment in liberty and were committed to its preservation. Today the United States is the world's great superpower, and yet we also wrestle with the government Franklin and Washington created more than two centuries ago—the power of the executive branch, the principle of checks and balances, the electoral college—as well as the wounds of their compromise over slavery. Now, as the founding institutions appear under new stress, it is time to understand their origins through the fresh lens of Larson's Franklin & Washington, a major addition to the literature of the founding era.

Never Forget You *Independently Published*

Skye Davis: Once upon a time he was my best friend. But I wanted him to be more. We spent every summer together at camp weehawken, thick as thieves and attached at the hip but then everything changed. He was my first everything and I was his. I thought he was my prince like all the fairytales talked about, little did I know he turned out to be the villain. The guy I once thought I was in love with is now the bully I hate. If he thinks he can treat me this way, he's got another thing coming. Knight Thomas: She was the girl of my dreams. My young naïve heart wanted her to be my everything and I would have given her anything. Until she shattered me to pieces. It's been four years since I've seen her. Since we were each other's first. And now, the girl I once thought was mine just transferred to my school and I want nothing more than to make her life hell. Make her feel just what she made me feel all those years ago. I told myself I hated her. But maybe those feelings I once had didn't actually go away.

You Are Worthy, Girl. Never Forget That!

A Creative Devotional Journal *Barbour Publishing*

Written just for teen girls like you, this creative journal features

dozens of devotions and related scripture selections alongside complementary coloring elements that will delight your heart as you meditate on the inspiring themes and use your creativity to personalize the journal pages.

The Big Goodbye

Chinatown and the Last Years of Hollywood *Flatiron Books*

From the New York Times bestselling author of *Fifth Avenue, Five A.M.* and *Fosse* comes the revelatory account of the making of a modern American masterpiece *Chinatown* is the Holy Grail of 1970s cinema. Its twist ending is the most notorious in American film and its closing line of dialogue the most haunting. Here for the first time is the incredible true story of its making. In Sam Wasson's telling, it becomes the defining story of the most colorful characters in the most colorful period of Hollywood history. Here is Jack Nicholson at the height of his powers, as compelling a movie star as there has ever been, embarking on his great, doomed love affair with Anjelica Huston. Here is director Roman Polanski, both predator and prey, haunted by the savage death of his wife, returning to Los Angeles, the scene of the crime, where the seeds of his own self-destruction are quickly planted. Here is the fevered dealmaking of "The Kid" Robert Evans, the most consummate of producers. Here too is Robert Towne's fabled script, widely considered the greatest original screenplay ever written. Wasson for the first time peels off layers of myth to provide the true account of its creation. Looming over the story of this classic movie is the imminent eclipse of the '70s filmmaker-friendly studios as they gave way to the corporate Hollywood we know today. In telling that larger story, *The Big Goodbye* will take its place alongside classics like *Easy Riders*, *Raging Bulls* and *The Devil's Candy* as one of the great movie-world books ever written. Praise for Sam Wasson: "Wasson is a canny chronicler of old Hollywood and its outsize personalities...More than that, he understands that style matters, and, like his subjects, he has a flair for it." - *The New Yorker* "Sam Wasson is a fabulous social historian because he finds meaning in situations and stories that would otherwise be forgotten if he didn't sleuth them out, lovingly." - *Hilton Als*

Money Hacks

275+ Ways to Decrease Spending, Increase Savings, and Make Your Money Work for You! *Adams Media*

Achieve all of your financial goals with these 300 easy solutions to all your personal finance questions—from paying off your student loans to managing investments. Are you looking for ways to decrease your spending...and start increasing your savings? Need some simple advice for maximizing your investments? Want to start planning for your retirement but don't know where to start? It's now easier than ever to achieve all your financial goals! Many people are afraid to talk about money, which means that you might be missing some of the best money-saving skills out there! In *Money Hacks* you will learn the basics of your finances so you can start making every penny count. Whether you're trying to pay down debt, start an emergency fund, or make the smartest choice on a major purchase, this book is chock-full of all the useful hacks to make your money work for you in every situation!

The Ambassador

Joseph P. Kennedy at the Court of St. James's 1938-1940 *St. Martin's Press*

Acclaimed biographer Susan Ronald reveals the truth about

Joseph P. Kennedy's shockingly controversial tenure as Ambassador to Great Britain on the eve of World War II. On February 18, 1938, Joseph P. Kennedy was sworn in as US Ambassador to the Court of St. James. To say his appointment to the most prestigious and strategic diplomatic post in the world shocked the Establishment was an understatement: known for his profound Irish roots and staunch Catholicism, not to mention his "plain-spoken" opinions and womanizing, he was a curious choice as Europe hurtled toward war. Initially welcomed by the British, in less than two short years Kennedy was loathed by the White House, the State Department and the British Government. Believing firmly that Fascism was the inevitable wave of the future, he consistently misrepresented official US foreign policy internationally as well as direct instructions from FDR himself. The Americans were the first to disown him and the British and the Nazis used Kennedy to their own ends. Through meticulous research and many newly available sources, Ronald confirms in impressive detail what has long been believed by many: that Kennedy was a Fascist sympathizer and an anti-Semite whose only loyalty was to his family's advancement. She also reveals the ambitions of the Kennedy dynasty during this period abroad, as they sought to enter the world of high society London and establish themselves as America's first family. Thorough and utterly readable, *The Ambassador* explores a darker side of the Kennedy patriarch in an account sure to generate attention and controversy.

Lafayette in the Somewhat United States

From the bestselling author of *Assassination Vacation* and *Unfamiliar Fishes*, a humorous and insightful account of the

Revolutionary War hero Marquis de Lafayette--the one Frenchman we could all agree on--and an insightful portrait of a nation's idealism and its reality. On August 16, 1824, an elderly French gentlemen sailed into New York Harbor and giddy Americans were there to welcome him. Or, rather, to welcome him back. It had been thirty years since the Revolutionary War hero the Marquis de Lafayette had last set foot in the United States, and he was so beloved that 80,000 people showed up to cheer for him. The entire population of New York at the time was 120,000. Lafayette's arrival in 1824 coincided with one of the most contentious presidential elections in American history, Congress had just fought its first epic battle over slavery, and the threat of a Civil War loomed. But Lafayette, belonging to neither North nor South, to no political party or faction, was a walking, talking reminder of the sacrifices and bravery of the revolutionary generation and what they wanted this country to be. His return was not just a reunion with his beloved Americans, it was a reunion for Americans with their own astonishing singular past. *Lafayette in the Somewhat United States* is a humorous and insightful portrait of the famed Frenchman, the impact he had on our young country, and his ongoing relationship with some of the instrumental Americans of the time, including George Washington, Alexander Hamilton, Thomas Jefferson, and many more.

Freeman

A Novel *Agate Publishing*

"At the end of the Civil War, an escaped slave first returns to his old plantation and then walks across the ravaged South in search of his lost wife"--Provided by the publisher.
