Still, I found it interesting. I now know that Hegel's philosophy is tied to history. History, and humanities progress through it, represents our becoming aware that we are self conscious. History is a process of taking a whole broken into fragments and piecing it together into a whole. Hegel was very interested in Napoleon and the French Revolution.

It is only a very short introduction to Hegel, but it is very good. It does spend a goodly amount of time focusing on his biography. Furthermore, it spends a good amount of time focusing on his philosophy, and not on what others say about him. Unlike most of the books like this type, it focuses on a real biography of the person.
