BY THE PEOPLE DEBATING AMERICAN DOWNLOAD AND INSTALL PDF

Invite to our library, where you can effortlessly download By The People Debating American to enhance your learning and study experience. Our vast collection of PDF files can provide valuable instructional sources that accommodate numerous topics and passions. We understand the value

of accessing information swiftly and easily, so we strive to make the process of **downloading and install By The People Debating American PDF** from our platform simple and hassle-free. With simply a couple of clicks, you can open a world of expertise from our collection with no obstacles. Join us in exploring our extensive collection and start your PDF downloads today!

EXPLORING OUR SUBSTANTIAL COLLECTION INCLUDING BY THE

AMERICAN

At our platform, we take pride in our considerable collection of PDF documents including By The People Debating American that satisfy various rate of interests and fields of study. Whether you are seeking to broaden your expertise or conducting research study, we have a wide variety of PDFs that make certain to meet your requirements.

Our PDF submits By The People Debating American are thoroughly curated and selected to offer beneficial insights and info to our individuals. We have worked together with specialists in different areas to make certain that our collection

continues to be current and appropriate.

From scientific research study papers to educational sources, our PDF files cover a wide variety of topics and topics. With simple accessibility to our collection, you can swiftly browse through and discover the PDF By The People Debating American that passion you one of the most.

Our platform is devoted to offering you with a seamless and reliable means to improve your discovering and study experience. We recognize the value of having trusted and important sources at your disposal, which's why our PDF collection is continually growing and expanding.

So whether you're a

pupil, specialist or just curious, exploring our comprehensive collection of PDF documents By The People Debating American makes sure to give you with beneficial understandings and expertise. Begin surfing today to reveal interesting brand-new study opportunities!

SIMPLE ACTIONS TO DOWNLOADING BY THE PEOPLE DEBATING AMERICAN PDF

At our platform, we believe in making the procedure of downloading PDF file By The People Debating American quick and easy. Here's just how you can access and download and install PDFs totally free:

Action 1: Check out our extensive collection of PDF documents to discover the one you require.

Step 2: Click the download switch next to the PDF By The People Debating American you wish to save.

Step 3: Await the PDF data By The People Debating American to download and install to your tool. This need to only take a few seconds.

And that's it! You can currently access By The People Debating American PDF documents offline at any moment and share it with others if you wish.

Our company believe that knowing and researching should be an easy and obtainable experience for all.

That's why we provide our solution absolutely free, making sure that you can access the details you need without any challenges.

BOOST YOUR UNDERSTANDING AND RESEARCH

At our platform, we believe that education and learning should be accessible to all. That's why we offer a vast collection of PDF downloads including **By The People Debating American** that satisfy a vast array of interests and subjects. Our instructional sources are ideal for students, experts, and anyone wanting to broaden their expertise.

With our PDF downloads, you can access valuable info on

various topics, consisting of history, scientific research, technology, and off course By The People Debating American. Our resources are excellent for research objectives and can aid you deepen your understanding of intricate topics.

Our library is continuously growing, and we strive to include brand-new and pertinent web content consistently. With our easy to use interface, you can quickly browse our system and find the most up to date educational sources.

By downloading By The People Debating American, you can elevate your understanding and study ventures and gain beneficial understandings that can benefit you in your

personal and specialist life.

So, what are you waiting for? Begin discovering our collection today and unlock a globe of knowledge at your fingertips.

FINAL THOUGHT

At our platform, we strive to supply an easy and complimentary solution that enables you to download and install By The People Debating American from our huge library easily. Our user-friendly interface makes sure that you can access the info you require without any problems or barriers.

Whether you're a pupil, expert, or just interested, our PDF downloads use beneficial educational

sources that can enrich your understanding and understanding of numerous topics. By exploring our considerable collection, you can expand your knowing and study endeavors and boost your understanding of the world around you.

So why wait? Start downloading **By The People Debating American** and start discovering our library today and unlock a world of understanding within your reaches. Whether you're seeking to increase your horizons or perform study, our uncomplicated and free solution is below to support you every step of the means.

Debating American

Government, Brief Edition

Oxford University Press, USA

By the People: Debating American Government, Brief Fourth Edition, reflects the dynamism of American government and politics with superior teaching and learning tools that prepare students to ENGAGE, THINK, and DEBATE now more than ever before. Using a storytelling approach that weaves commentary together with historical context, By the People: Debating American Government explores the themes and ideas that drive the great debates in American government and politics. It introduces students to big questions like "Who governs?" "How does our system of

government work?" "What does government do?" and "Who are we?" By challenging students with these questions, the text encourages them to think about, engage with, and debate the merits of U.S. government and politics. By the People includes an individual user code to access a wealth of interactive digital learning tools and student exercises.

Debating American Immigration, 1882--present *Rowman & Littlefield*

In this text, two historians offer competing interpretations of the past, present, and future of American immigration policy and American attitudes towards immigration. Through essays and

supporting primary documents, the authors provide recommendations for future policies and legal remedies.

Debating the American Conservative Movement

1945 to the Present

Rowman & Littlefield

Debating the American Conservative Movement chronicles one of the most dramatic stories of modern American political history. The authors describe how a small band of conservatives in the immediate aftermath of the Second World War launched a revolution that shifted American politics to the right, challenged the New Deal order, transformed the

Republican party into a voice of conservatism, and set the terms of debate in American politics as the country entered the new millennium. Historians Donald T. Critchlow and Nancy MacLean frame two opposing perspectives of how the history of conservatism in modern America can be understood, but readers are encouraged to reach their own conclusions through reading engaging primary documents.

California Politics

A Primer CQ Press

The thoroughly revised Fifth Edition of California Politics: A Primer concisely explains how California's history, political culture, rules,

and institutions come together to shape politics today and how they will determine the state of affairs tomorrow. Author Renee B. Van Vechten begins with a brief political history of California, then walks through direct democracy, the legislature, executive branch, and court system. She covers local government and concludes with a discussion of the state's budget process, campaigns and elections, political engagement, and policy issues. From the structure of the state's government to its local representatives, policies, and voter participation, California Politics: A Primer delivers the concepts and details students need. New to the Fifth

Edition An emphasis on California's place in the federal system provides you with context around the state leadership's resistance to Trump administration policies on things like California's sanctuary state status, immigration, the environment, and more. Increased coverage of policy topics throughout the book helps you see how recent policy has impacted issues such as greenhouse gas emissions regulations, attempted "fixes" for water- and drought-related issues, new transportation projects, and prison reform. Extended discussions of elections-related innovations introduce you to recent elections-related topics such as the Top-Two Primary,

efforts to increase voter registration, all vote-by-mail elections, and redistricting. New coverage of the “Five Californias” gives you a better understanding of California’s political geography and how distinct segments of the population are primed for political engagement or disaffection. New lists of key terms with clear definitions at the end of each chapter enable you to review the content more effectively. New and updated maps and graphics depict important topics such as California’s newly proposed high-speed rail project.

Debating American Identity

Southwestern Statehood and

Mexican Immigration

University of Arizona Press

Debating American Identity is an innovative look at four national debates over the inclusion of the Mexican-origin population in the United States in the early twentieth century. Linda C. Noel explores different conceptions of American identity through disputes over Arizona and New Mexico statehood, temporary workers, immigration, and repatriation.

Debating Democracy

A Reader in American Politics

Houghton Mifflin College Division

This supplementary text offers two

readings per chapter organized in a debate-style format, representing opposing viewpoints. The straightforward, thought-provoking presentation facilitates class discussion. Debate topics include Public Opinion: The American People and War, Civil Liberties and War: Debating the USA Patriot Act, Debating the Deficit and the Size of Government, Economic Equality: A Threat to Democracy? and U.S. Foreign Policy After September 11: American Hegemony or International Cooperation?

Debating the Presidency

Conflicting Perspectives on the American Executive
CQ Press

Editors Richard J. Ellis and Michael Nelson have once again assembled a cadre of top presidential scholars to offer a series of pro/con essays that will inspire spirited debate in *Debating the Presidency: Debating the Presidency: Conflicting Perspectives on the American Executive*, Fourth Edition offers a compelling yet concise view of contemporary topics relevant to the American executive. Each pair of debate-resolution style essays is written specifically for this volume, and offers a compelling yet concise view of a topic relevant to the American executive. Editors Richard Ellis and Michael Nelson offer brief chapter introductions that

provide context. In this edition, several new arguments are presented on topics such as executive orders (Pro: Gene Healy, Con: Andrew Rudalevige); abolishment of the vice presidency (Pro: Douglas L. Kriner, Con: Joel K. Goldstein); and the effect of new media on the public's view of the presidency (Pro: Matthew R. Kerbel, Con: Jeffrey E. Cohen).

Debating Reform

Conflicting Perspectives on How to Fix the American Political System *CQ Press*

Getting students away from spouting opinions about highly-charged partisan issues, *Debating Reform, Fourth Edition* looks at

key questions about reforming political institutions, with contributed pieces written by top scholars specifically for the volume. Each pro or con essay considers a concrete proposal for reforming the political system. By focusing on institutions, rather than liberal or conservative public policies, students tend to leave behind ideology and grapple with claims and evidence to draw their own conclusions and build their own arguments. Students will explore how institutions work in their American government text, but this reader helps them to understand how they can be made to work better.

By the People 4th Edition *Oxford University Press, USA*

The Fire Is Upon Us

James Baldwin, William F. Buckley Jr., and the Debate Over Race in America *Princeton University Press*

"In February 1965, novelist and 'poet of the Black Freedom Struggle' James Baldwin and political commentator and father of the modern American conservative movement William F. Buckley met in Cambridge Union to face-off in a televised debate. The topic was 'The American Dream is at the expense of the American Negro.' Buccola uses this

momentous encounter as a lens through which to deepen our understanding of two of the most important public intellectuals in twentieth century American thought. The book begins by providing intellectual biographies of each debater. As Buckley reflected on the civil rights movement, he did so from the perspective of someone who thought the dominant norms and institutions in the United States were working quite well for most people and that they would eventually work well for African-Americans. From such a perspective, any ideology, personality, or movement that seems to threaten those dominant norms and institutions must be deemed a threat.

Baldwin could not bring himself to adopt such a bird's eye point of view. Instead, he focused on the 'inner lives' of those involved on all sides of the struggle. Imagine what it must be like, he told the audience at Cambridge, to have the sense that your country has not 'pledged its allegiance to you?' Buccola weaves the intellectual biographies of these two larger-than-life personalities and their fabled debate with the dramatic history of the civil rights movement that includes a supporting cast of such figures as Robert Kennedy, Martin Luther King Jr., Malcolm X, Lorraine Hansberry, and George Wallace. Buccola shows that the subject of their debate continues to have

resonance in our own time as the social mobility of blacks remains limited and racial inequality persists"--

Debating American Exceptionalism

Empire and Democracy in the Wake of the Spanish-American War

Palgrave Macmillan

This in-depth analysis of the American imperialism debate after the Spanish-American War of 1898 elucidates how Americans understood their international role and national identity during a crucial period of their foreign relations. Transcending the immediate historical context, this book also explores why such debates remain

similar and why they end up affirming a belief in American exceptionalism. Obituaries for the idea have frequently been written in response to controversial foreign policies, but exceptionalism remains vibrant and at the heart of the arguments of those who support and those who oppose these policies – whether in the Philippines, Vietnam, or Iraq.

Ratification

The People Debate the Constitution, 1787-1788 *Simon and Schuster*

Drawing on the speeches and letters of the United States' founders, the author recounts the dramatic period after the Constitutional

Convention and before the Constitution was finally ratified, describing the tumultuous events that took place in homes, taverns and convention halls throughout the colonies. By the author of *American Scripture*.

America's Great Debate

Henry Clay, Stephen A. Douglas, and the Compromise That Preserved the Union

Simon and Schuster

Chronicles the 1850s appeals of Western territories to join the Union as slave or free states, profiling period balances in the Senate, Henry Clay's attempts at compromise, and the border crisis between New Mexico and Texas.

Debating the Good

Society

A Quest to Bridge America's Moral Divide *MIT Press*

Debating the Good Society probes two questions lying at the heart of the ongoing culture war in contemporary America: Where does goodness come from, and how is good social order to be achieved? Through the ingenious means of a fictional Internet conversation among two dozen or so Americans from various walks of life and every shade of the ideological spectrum, Debating the Good Society probes two questions lying at the heart of the ongoing culture war in contemporary America: Where does goodness come from, and how is good social order to be

achieved?

Traditionalists and conservatives, who tend to view human nature as inherently sinful, argue that good order must be imposed from above, by parental authority and ruling powers, by the forces of law and tradition, and, ultimately, by God. Counterculturalists and liberals, who tend to believe in the inherent goodness of human nature, claim that well-supported children will develop into well-ordered adults and that adults empowered to make their own choices will form a healthy, well-ordered society. These opposing visions underlie a host of current controversies, including philosophies of child-rearing and education, social and

political policy, sexual morality, and the evolution-creation debate. By exposing the limitations of both points of view, Andrew Bard Schmookler shows how the culture war presents a challenge to all Americans. This challenge is to integrate the half-truths advanced by both sides into a higher wisdom, one that promises to take the American experiment—to see whether humans can enjoy both the blessings of liberty and the fruits of good order—to the next level of its evolution, toward which it has been straining for the better part of a century.

**American
Government 2e**

American Government 2e is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them.

Hellfire Nation

**The Politics of Sin in
American History**
Yale University Press

Annotation. Although the US is proud of being a secular state, religion lies at the heart of American politics. This volume looks at how the country came to have the soul of a church & the consequences - the moral crusades against slavery, alcohol, witchcraft & discrimination that time & again have prevailed upon the nation.

The Lost Promise of Patriotism

Debating American Identity, 1890-1920

University of Chicago Press

During the years leading up to World War I, America experienced a crisis of civic identity. How could a country founded on liberal

principles and composed of increasingly diverse cultures unite to safeguard individuals and promote social justice? In this book, Jonathan Hansen tells the story of a group of American intellectuals who believed the solution to this crisis lay in rethinking the meaning of liberalism. Intellectuals such as William James, John Dewey, Jane Addams, Eugene V. Debs, and W. E. B. Du Bois repudiated liberalism's association with acquisitive individualism and laissez-faire economics, advocating a model of liberal citizenship whose virtues and commitments amount to what Hansen calls cosmopolitan patriotism. Rooted not

in war but in dedication to social equity, cosmopolitan patriotism favored the fight against sexism, racism, and political corruption in the United States over battles against foreign foes. Its adherents held the domestic and foreign policy of the United States to its own democratic ideals and maintained that promoting democracy universally constituted the ultimate form of self-defense. Perhaps most important, the cosmopolitan patriots regarded critical engagement with one's country as the essence of patriotism, thereby justifying scrutiny of American militarism in wartime.

The United States of America

State Borders and Other State Facts

Xlibris Corporation

The United States of America, State Borders and other State Facts Summary: Learning about what and where state borders are has never been an easier read than in this book. The United States of America, State Borders and Other State Facts is concise and provides for simple to understand north, south, east and west borders as well as providing bordering states and other state facts that are usually scattered throughout a number of other sources. Use this book for one-stop summaries for each state including pre-state status, state flag and other state facts. Every household interested in U.S.

geography should keep this book handy for quick reference. Every library should have this on their shelves.

The Democratic Debate: American Politics in an Age of Change *Cengage Learning*

Focusing on the tension between elite and popular models of democracy, individuals and movements that made a difference, and recent events, THE DEMOCRATIC DEBATE makes American democracy become more relevant, compelling, and lively. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Debating the Issues

American Government and Politics

Debating the Issues: American Government and Politics, by Robert Watson, is the perfect supplemental text to get students to both debate the issues and think critically about politics and governance. Designed for both introductory and advanced courses in American government or American politics, this book features a collection of 30 debates including both enduring, central questions in Political Science and current issues taken straight from the headlines.

The Tyranny of Merit

What's Become of the Common Good?

Farrar, Straus and

Giroux

A Times Literary Supplement's Book of the Year 2020 A New Statesman's Best Book of 2020 A Bloomberg's Best Book of 2020 A Guardian Best Book About Ideas of 2020 The world-renowned philosopher and author of the bestselling *Justice* explores the central question of our time: What has become of the common good? These are dangerous times for democracy. We live in an age of winners and losers, where the odds are stacked in favor of the already fortunate. Stalled social mobility and entrenched inequality give the lie to the American credo that "you can make it if you try". The consequence is a brew of anger and frustration that has

fueled populist protest and extreme polarization, and led to deep distrust of both government and our fellow citizens--leaving us morally unprepared to face the profound challenges of our time. World-renowned philosopher Michael J. Sandel argues that to overcome the crises that are upending our world, we must rethink the attitudes toward success and failure that have accompanied globalization and rising inequality. Sandel shows the hubris a meritocracy generates among the winners and the harsh judgement it imposes on those left behind, and traces the dire consequences across a wide swath of American life. He offers an alternative way of thinking about success--more attentive to the

role of luck in human affairs, more conducive to an ethic of humility and solidarity, and more affirming of the dignity of work. The Tyranny of Merit points us toward a hopeful vision of a new politics of the common good.

The Federalist Papers *Read Books Ltd*

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by

American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting

impact on the early development of the nation of the United States.

White Fragility

Why It's So Hard for White People to Talk About Racism *Beacon Press*

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not

restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Republic at Risk

An Introduction to

American Politics
Cambridge University Press

When people have the freedom to further their own personal interests in politics, the results may be disastrous. Chaos? Tyranny? Can a political system be set up to avoid these pitfalls, while still granting citizens and politicians the freedom to pursue their interests? *Republic at Risk* is a concise and engaging introduction to American politics. The guiding theme is the problem of self-interest in politics, which James Madison took as his starting point in his defense of representative government in Federalist 10 and 51. Madison believed that unchecked self-interest in politics was a risk to

a well-ordered and free society. But he also held that political institutions could be designed to harness self-interest for the greater good. Putting Madison's theory to the test, the authors examine modern challenges to the integrity and effectiveness of US policy-making institutions, inviting readers to determine how best to respond to these risks.

Debating the Civil Rights Movement, 1945-1968
Rowman & Littlefield Education

No other book about the civil rights movement captures the drama and impact of the black struggle for equality better than *Debating the Civil Rights Movement, 1945-1968*. Two of the

most respected scholars of African-American history, Steven F. Lawson and Charles M. Payne, examine the individuals who made the movement a success, both at the highest level of government and in the grassroots trenches. Designed specifically for college and university courses in American history, this is the best introduction available to the glory and agony of these turbulent times. Carefully chosen primary documents augment each essay giving students the opportunity to interpret the historical record themselves and engage in meaningful discussion. In this revised and updated edition, Lawson and Payne have included

additional analysis on the legacy of Martin Luther King and added important new documents.

OMG WTF Does the Constitution Actually Say?

A Non-Boring Guide to How Our Democracy is Supposed to Work

Black Dog & Leventhal

Do you know what the Constitution ACTUALLY says? This witty and highly relevant annotation of our founding document is the go-to guide to how our government really works (or is supposed to work). Written by political savant and entertainment veteran, Ben Sheehan, and vetted for accuracy by experts in the field of constitutional law, **OMG WTF Does the**

Constitution Actually Say? is an entertaining and accessible guide that explains what the Constitution actually lays out. With clear notes and graphics on everything from presidential powers to Supreme Court nominations to hidden loopholes, Sheehan walks us through the entire Constitution from its preamble to its final amendment (with a bonus section on the Declaration of Independence). Besides putting the Constitution in modern-day English so that it can be understood, *OMG WTF Does the Constitution Actually Say?* gives readers all of the info they need to be effective voters and citizens in the November elections and beyond.

The Debate on the American Revolution
Manchester University Press

The Debate on the American Revolution is the first in-depth study of the way in which historians dealt with the coming of the American Revolution and the formation of the U.S. Constitution. The approach is thematic, examining how historians in different periods interpreted these events, their causes, and their meaning. Making accessible the work of often-neglected by early historians, this book examines how the emergence of history as a professional discipline led to new and competing versions of the Revolution. It spans from the first

generation of writers--whose ideas about history were shaped by the Enlightenment--to those of the 21st century--who drew on the rich legacy provided by black studies, gender and women's studies, cultural studies, and ethno-history.

Politics Is for Power

How to Move Beyond Political Hobbyism, Take Action, and Make Real Change

Scribner

A brilliant condemnation of political hobbyism—treating politics like entertainment—and a call to arms for well-meaning, well-informed citizens who consume political news, but do not take political action. Who is to blame

for our broken politics? The uncomfortable answer to this question starts with ordinary citizens with good intentions. We vote (sometimes) and occasionally sign a petition or attend a rally. But we mainly “engage” by consuming politics as if it’s a sport or a hobby. We soak in daily political gossip and eat up statistics about who’s up and who’s down. We tweet and post and share. We crave outrage. The hours we spend on politics are used mainly as pastime. Instead, we should be spending the same number of hours building political organizations, implementing a long-term vision for our city or town, and getting to know our neighbors,

whose votes will be needed for solving hard problems. We could be accumulating power so that when there are opportunities to make a difference—to lobby, to advocate, to mobilize—we will be ready. But most of us who are spending time on politics today are focused inward, choosing roles and activities designed for our short-term pleasure. We are repelled by the slow-and-steady activities that characterize service to the common good. In *Politics Is for Power*, pioneering and brilliant data analyst Eitan Hersh shows us a way toward more effective political participation. Aided by political theory, history, cutting-edge social science, as well as

remarkable stories of ordinary citizens who got off their couches and took political power seriously, this book shows us how to channel our energy away from political hobbyism and toward empowering our values.

The Righteous Mind

Why Good People are Divided by Politics and Religion

Vintage

Presents a groundbreaking investigation into the origins of morality at the core of religion and politics, offering scholarly insight into the motivations behind cultural clashes that are polarizing America.

American Government 3e

I the People

The Rhetoric of Conservative Populism in the United States

University of Alabama Press

"Moving from the early 1960s to the presidential candidacy of Donald J. Trump, I, The People: The Rhetoric of Conservative Populism in the United States draws on theoretical work in rhetorical studies and political theory to examine a variety of texts ranging from speeches and campaign advertisements to news reports and political pamphlets, to outline the populist character of conservatism in the United States. Johnson's study makes several contributions to

this robust and thriving area of research and scholarship. It argues that conservatism is not a coherent, studious ideology: rather, conservatism names a particular brand of victim-focused, white and male identity politics that exerts disproportionate influence on American politics and ever-tightening dominion over the Republican Party. I, The People emphasizes that discussions of the intellectual character of American conservatism should be mindful of its populist nature, which often limits the potential for conservative intellectuals to shape and control the very movement to which they belong. The study

also challenges the long tradition of scholarship on conservatism that celebrates this tradition's seeming multiplicity, especially the tendency to suggest conservatives are uneasy with capitalism. While some self-identified conservatives oppose capitalist materialism, in practice conservatism's populist vocabulary has tilted the grammar of the United States in favor of a 'freedom' friendly to the market. Such 'freedom' is defined against some parts of the state's regulatory apparatus and/or a coalition of marginal persons thought to embody threats to national unity. In practice, because conservatism traditionally relies on negative definition to imagine its exclusion from the American political system, American conservatism ends up defining both 'the people' and the market as forces with a mutual skepticism of an overweening political order. Johnson also tackles the suggestion that conservatives learned to practice identity politics from social progressives. From the beginning, conservatism was an identity politics. U.S. conservatism relied on a rhetoric of victimhood, whether critiquing the liberal Cold War consensus or fears about Barack Obama's electoral success. Finally, the manuscript makes an important contribution to conversations about populism. Just because

conservatism invokes 'the people' does not make it a collective, public-facing enterprise. 'The people' of conservatism is fundamentally hostile to the idea of the public, and any study of populism should account for the way that conservatism plays on a hostility to democracy with sources in the infrastructure of the United States itself"--

Lanahan Pub Incorporated

Debating Yoga and Mindfulness in Public Schools

Reforming Secular Education or Reestablishing Religion? *UNC Press*

Books

Yoga and mindfulness activities, with roots in Asian traditions such as Hinduism or Buddhism, have been brought into growing numbers of public schools since the 1970s. While they are commonly assumed to be secular educational tools, Candy Gunther Brown asks whether religion is truly left out of the equation in the context of public-school curricula. An expert witness in four legal challenges, Brown scrutinized unpublished trial records, informant interviews, and legal precedents, as well as insider documents, some revealing promoters of "Vedic victory" or "stealth Buddhism" for public-school children. The legal challenges are

fruitful cases for Brown's analysis of the concepts of religious and secular. While notions of what makes something religious or secular are crucial to those who study religion, they have special significance in the realm of public and legal norms. They affect how people experience their lives, raise their children, and navigate educational systems. The question of religion

in public education, Brown shows, is no longer a matter of jurisprudence focused largely on the establishment of a Protestant Bible or nonsectarian prayer. Instead, it now reflects an increasingly diverse American religious landscape. Reconceptualizing secularization as transparency and religious voluntarism, Brown argues for an opt-in model for public-school programs.
