PowerPoint may also support additional file types if you install additional codecs on your PC. If you want to learn about finding codecs for your PC, read Are you having playback issues (in PowerPoint)? Certain older video file formats may not compress or export properly in Office on a Windows RT PC. Instead, use modern media formats such as H ...

Video and audio file formats supported in PowerPoint ...

When you create an export map to save data to either CSV file format or TXT file format and you set the text delimiter, the delimiter, not the file extension, controls the file type. For example, if you save to a file named Myproject.csv but you specified a tab delimiter in the map, the CSV file will have tabs instead of commas, even though the file extension indicates commas.
