Abstract Guidelines | ICOEH 2019

I believe the strength of community medicine is that it bridges the gap between traditional fields of public health and clinical medicine and brings community perspective into health. The perceived threat from non-medical persons led public health is largely a result of us undervaluing our strength

and our inability to foster partnership on equal footing with non-clinicians. While departments ...

Over the last 20 years, urology has proved itself to be one of the most innovative surgical specialties. Urologists still use traditional surgical methods, but they have also pioneered modern, high-tech, fiberoptic and endoscopic techniques (sometimes called minimally-invasive surgery). We were one of the first specialties to use "keyhole" surgery routinely, and to use robotic assistance for ...
