Unlocking the Philippines' urbanization potential

New technologies are moving us toward "production-at-the-point-of-consumption" of energy, food, and products with reduced reliance on a global supply chain. The trade of physical stuff has been

central to globalization as we've known it. So, this declining movement of stuff may signal we are approaching "peak globalization."

How Technology Is Driving Us Toward Peak Globalization

Collaborative endeavor bringing together research and industry leaders to develop electric systems and rapid recharging infrastructure for heavy vehicles adapted to open-pit mining.- Leveraging Quebec's clean and affordable hydropower, Nouveau Monde is set to become the world's first all-electric open-pit mine to deliver sustainable products to its customers, with a zero-carbon footprint.
