Workforce planning, also called strategic workforce planning, is about making sure that the right person is in the right job at the right moment. This means that there are not too many people available (overstaffing) nor too few (understaffing). Workforce planning thus solves staffing problems for today and for the future.

A Guide to Strategic Workforce Planning | AIHR Analytics
Workforce Planning is the process of analyzing, forecasting, and planning workforce supply and demand, assessing gaps, and determining target talent management interventions to ensure that an organization has the right people - with the right skills in the right places at the right time - to fulfill its mandate and strategic objectives.
