Product Pricing (3/4): Strategy - ProductFix

Value-based price is a pricing strategy which sets prices primarily, but not exclusively, according to the perceived or estimated value of a product or service to the customer rather than according to the cost of the product or historical prices. Where it is successfully used, it will improve profitability through

generating higher prices without impacting greatly on sales volumes. The approach is most successful when products are sold based on emotions, in niche markets, in shortages or for com

Value-based pricing - Wikipedia

There is no doubt that the move to a value based approach needs nerves of steel in some cases to hold firm under pressure from customers and internal sceptics who see a fall in market share as a consequence, Absolutely clear is that it needs strong leadership and a well trained and inspired sales force to communicate value

to customers. The book is invaluable to anyone who wants to drive value based pricing through an organisation, provides a great insight into the subject with invaluable ...
