The Internet has provided us with an opportunity to share all kinds of information, including music, movies, and, of course, books. Regretfully, it can be quite daunting to find the book that you are looking for because the majority of websites do a poor job of organizing their content or their databases are very small.

Solution Manual Econometric Methods

The fourth edition of Econometric Methods by Jack Johnston and John DiNardo, is a rewrite of the venerable third edition by Johnston that sustained several generations of economists. As stated by the authors themselves, the reason for undertaking this major revision is to provide a comprehensive and accessible account of currently available econometric methodology, and in my opinion they have been successful in achieving their objective.
