Added-value of this summary: • Save time • Understand the insider information on the world of politics • Expand your knowledge of American politics To learn more, read "Hardball" and discover the lengths politicians will go to for the advancement of their careers.

Hardball

How Politics is Played--told by One who Knows the Game

This Country

My Life in Politics and History *Simon and Schuster*
The former host of MSNBC's "Hardball with Chris Matthews" offers a panoramic portrait of post-World War II American politics through the story of his extraordinary life and career

Hardball

Are You Playing to Play Or Playing to Win? *Harvard Business Press*
Hardball takes leaders deep inside the world of hardball competition - a world where the players are zealously committed to winning and relentlessly driven to strengthen their competitive positions, creating a virtuous cycle that puts them far out of competitors' reach. Based on twenty-five years of experience advising and observing a range of companies, Stalk and Lachenauer reveal how hardball competitors achieve decisive victories - without bending the law and without compromising their obligations to customers and stakeholders. These companies often play rough, and they don't apologize for it. Yet they are also extraordinarily adept at the "soft" side of management - rallying talent and building culture through a laserlike focus on the few issues most critical to success. Using detailed and engaging stories from many industries, Hardball outlines seven classic hardball strategies: unleash massive and overwhelming force, exploit anomalies, threaten competitors' profit sanctuaries, take it and make it your own, entice competitors' into retreat, break industry compromises, and hardball M&A. The authors reveal who uses hardball strategies, under what circumstances each strategy is most effective, and how to orchestrate the attack.

Tip and the Gipper

When Politics Worked *Simon and Schuster*
Drawing on extensive interviews with those closest to his subjects as well as his own experiences, the anchor of MSNBC's Hardball tells the story of the unlikely friendship between President Reagan and Speaker of the House Tip O'Neill.

Legislative Hardball

The House Freedom Caucus and the Power of Threat-Making in Congress *Cambridge University Press*
Assertive bargaining occurs from time to time in the US Congress. It became an important feature of legislative negotiations within the House Republican Party when, following the 2014 elections, a group of organized conservatives called the House Freedom Caucus regularly issued threats against its own party's leadership. Such behavior by an ideologically extreme bloc of lawmakers is not accounted for by existing theories of legislative politics. This Element posits explanations for why

such threat-making might occur and what might increase its likelihood of success, then tests those explanations using the Freedom Caucus as a case study.

Hardball *Penguin*
Chicago politics—past, present, and future—take center stage in this complex and compelling V.I. Warshawki novel from New York Times bestselling author Sara Peretsky. Tracking down missing persons is part of V.I. Warshawski’s job. But Lamont Gadsden has been missing for more than forty years—last seen heading out into the 1967 blizzard, in the midst of Chicago’s racial unrest. V.I. figured the search would be futile. She didn’t realize it would be lethal...or lead to troubling discoveries about her own family. And when her young cousin Petra disappears, an angry preacher, a jailed gangbanger, and politics from both past and present interconnect—and plunge V.I. into a mystery as unsettling as the ’60s themselves. A New York Times Notable Crime Book of the Year One of NPR’s Top Five Crime Novels of the Year

The Oxford Dictionary of American Political Slang *Oxford University Press*
A collection of more than six hundred slang terms of American political speech encompasses informative entries on such words as "boondoggle," "juice bill," and "Joe Citizen," including both the definition of the word and its historical background.

Hardball

A Season in the Projects *HarperCollins Publishers*
A journalist describes the struggle of a group of youngsters from a Chicago housing project and their white-collar coaches to triumph in Little League baseball, chronicling their journey from the first practice to the championship game. Reprint.

Jack Kennedy

Elusive Hero *Simon and Schuster*
Based on interviews with some of his closest associates, a portrait of the thirty-fifth president discusses his privileged childhood, military service, struggles with a life-threatening disease, and career in politics.

Chris Matthews on Politics E-book Box Set

Hardball, Now, Let Me Tell You What I Really Think, and American *Simon and Schuster*
Chris Matthew's trenchant political analysis and unique perspective on politics come to the fore in this boxed set of three of his classic works: American: Beyond Our Grandest Notions; Now, Let Me Tell You What I Really Think; and Hardball. American: People have often wondered what makes America truly great. With a citizenry of vastly different races, religions, cultures, and ethnic backgrounds, what intangible bond unites and defines us as "Americans"? In American, Matthews

explores the best America stands for and portrays our country as a beacon for the modern world—unafraid of challenges, moving ever forward, and ready and willing to prevail. Now, *Let Me Tell You What I Really Think*: In this memoir spanning the Cold War to the Clinton years, Matthews gives the straight-up account of his "God and Country" Catholic school education in Philadelphia, complete with air-raid drills and his early enthusiasm for politics. He shares with us his life's adventures—two years in Africa with the Peace Corps, the challenge of running for Congress in his twenties, and his three decades deep in the "belly of the beast" of American politics—using his own experiences to give us an irreverent look at who we are and whom we trust to lead us. *Hardball*: Chris Matthews has spent a quarter century on the playing field of American politics—from right-hand man of Speaker of the House Tip O'Neill to host of NBC's highest rated cable talk show *Hardball*. In this revised and updated edition of his political classic, he offers fascinating new stories of raw ambition, brutal rivalry, and exquisite seduction and reveals the inside rules that govern the game of power

Hard Ball *Harper Collins*

Battle in the Bullpen For as long as Billy Baggs can remember, rich townie and ace pitcher Archer "King" Kenwood has been his nemesis--both on the field and off. And the summer before they enter high school, their long-standing rivalry explodes into violence. Desperate to keep the peace between his two star players, Coach Anderson comes up with a plan: If they want to play, they have to pay--by spending a week together, twenty-four hours a day. But will Coach's plan make things better? Or just a whole lot worse? After a family tragedy on the farm, Billy Baggs's life is finally back on track. He's starting high school. He's caught the eye of the baseball coach and even a few college scouts. He has prospects for a girlfriend—Suzy Langen, the catch of the ninth grade. But blocking Billy's path is King Kenwood, town rich kid and ace pitcher. As the two boys' rivalry turns violent, it is left to Coach Anderson to find a solution. In the process, both Billy and King come to find their real problems might lie closer to home—with their own fathers.

Hardball

The Education of a Baseball Commissioner *U of Nebraska Press*

When Bowie Kuhn became baseball commissioner in 1969, attendance at games was declining, labor disputes were flaring, and many teams were suffering from poor management and marketing. Fifteen years later, when Kuhn retired, the sport was flourishing. Kuhn had overseen tumultuous changes issuing from a challenge to the reserve clause, the 1981 strike, escalated salaries, free agency, and his controversial rulings on matters ranging from gambling to broadcasting. In *Hardball* Kuhn reveals how the decisions were made and forthrightly challenges his detractors. The former commissioner offers many colorful anecdotes and strong opinions about baseball's greatest legends from Jackie Robinson to Howard Cosell. In a new afterword to this Bison Books edition, Bowie Kuhn, who now resides both in Jacksonville, Florida, and on Long Island, gives his take on the state of baseball since his retirement as commissioner in 1984.

Hardball for Women

Winning at the Game of Business: Third Edition *Penguin*

The bestselling guide fully updated for the post-Lean In era For nearly two decades, *Hardball for Women* has shown women how to get ahead in the business world. Whether the arena is a law firm, a medical group, a tech company, or any other work environment, *Hardball for Women* decodes male business culture and shows women how to break patterns of behavior that put them at a disadvantage. It explains how to get results when you "lean in" without being thrown off balance. Illustrated with real-life examples *Hardball for Women* teaches women how to: Successfully navigate middle management to become a leader in your field Be assertive without being obnoxious Display confidence Engage in smart self-promotion Lead both men and women—and recognize the differences between them Use "power talk" language to your advantage

Bobby Kennedy

A Raging Spirit *Simon and Schuster*

In Chris Matthews's New York Times bestselling portrait of Robert F. Kennedy, "Readers witness the evolution of Kennedy's soul. Through tragedy after tragedy we find the man humanized" (Associated Press). With his bestselling biography *Jack Kennedy*, Chris Matthews profiled one of America's most beloved Presidents and the patriotic spirit that defined him. Now, with *Bobby Kennedy*, Matthews provides "insight into [Bobby's] spirit and what drove him to greatness" (New York Journal of Books) in his gripping, in-depth, behind-the-scenes look at one of the great figures of the American twentieth century. Overlooked by his father, and overshadowed by his war-hero brother, Bobby Kennedy was a perpetual underdog. When he had the chance to become a naval officer like his older brother, Bobby turned it down, choosing instead to join the Navy as a common sailor. It was a life-changing experience that led him to connect with voters from all walks of life: young and old, black and white, rich and poor. They were the people who turned out for him in his 1968 campaign. RFK would prove himself to be the rarest of politicians—both a pragmatist who knew how to get the job done and an unwavering idealist who could inspire millions. Drawing on extensive research and interviews, Matthews pulls back the curtain on the private world of Robert Francis Kennedy. Matthew illuminates the important moments of his life: from his early years and his start in politics, to his crucial role as attorney general in his brother's administration and, finally, his tragic run for president. This definitive book brings Bobby Kennedy to life like never before.

Country Hardball *Simon and Schuster*

After more than a decade spent in and out of juvenile detention, halfway houses, and jail, Roy Alison returns to his rural hometown determined to do better, to be better. But what he finds is a working-class community devastated by the economic downturn--a town without anything to hold onto but the past. Staying with his grandmother, Roy discovers a family history of good intentions and bad choices, of making do without much chance of doing better. Around him, families lose their sons to war, hunting accidents, drugs. And Roy, along with the town, falls into old patterns established

generations ago. A novel-in-stories in the tradition of Bonnie Jo Campbell, Donald Ray Pollock, Denis Johnson, and Alan Heathcock, *Country Hardball* is a powerfully observed and devastatingly understated portrait of the American working class. "Steve Weddle's *Country Hardball* is a perfect combination of the brokenhearted and the just flat broke... Here's hoping Weddle never stops writing..." --Benjamin Whitmer, author of *Pike*

Now, Let Me Tell You What I Really Think *Simon and Schuster*

Chris Matthews has been playing "hardball" since the day he was born. From his first political run-in in the first grade to his years working as presidential speechwriter for Jimmy Carter and top aide to Tip O'Neill, Matthews grew up loving his country and dreaming of his chance to protect it. As one of the most honest, brash, and in-your-face journalists on TV, he has finally gotten the chance. The host of television's *Hardball* and bestselling author of such classics as *Hardball* and *Kennedy & Nixon*, Matthews is a political cop who insists on the truth and nothing but. In this latest work, *Now, Let Me Tell You What I Really Think*, Chris Matthews is at his brilliant, blunt, bulldogged best. From the Cold War to the Clinton years, Matthews gives the straight-up account of what it means to be an American. Matthews tells us about his "God and Country" Catholic school education in Philadelphia complete with Cold War air-raid drills and his early enthusiasm for politics. He shares with us his life's adventures: two years in Africa with the Peace Corps, the challenge of running for Congress in his twenties, and his three decades deep in the "belly of the beast" of American politics. Matthews has made his name as a razor-sharp journalist who cross-examines the politicians in Washington and takes on the Los Angeles and New York elite who view America's heartland as "fly-over country." In *Now, Let Me Tell You What I Really Think*, Matthews rallies those who "work hard and play by the rules" and celebrates the wisdom learned from a U.S. Capitol policeman more than twenty years ago, "The little man loves his country, because it's all he's got." A hard-to-categorize maverick with an uncool love for his country, Matthews gives an irreverent look at who we are and whom we trust to lead us.

How Democracies Die *Crown*

NEW YORK TIMES BESTSELLER • "Comprehensive, enlightening, and terrifyingly timely."—The New York Times Book Review (Editors' Choice) WINNER OF THE GOLDSMITH BOOK PRIZE • SHORTLISTED FOR THE LIONEL GELBER PRIZE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Time • Foreign Affairs • WBUR • Paste Donald Trump's presidency has raised a question that many of us never thought we'd be asking: Is our democracy in danger? Harvard professors Steven Levitsky and Daniel Ziblatt have spent more than twenty years studying the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy no longer ends with a bang—in a revolution or military coup—but with a whimper: the slow, steady weakening of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The good news is that there are several exit ramps on the road to authoritarianism. The bad news is that, by electing Trump, we have already passed the first one. Drawing on decades of research and a wide range of historical and global examples, from 1930s Europe to contemporary Hungary, Turkey, and Venezuela, to the American South during Jim

Crow, Levitsky and Ziblatt show how democracies die—and how ours can be saved. Praise for *How Democracies Die* "What we desperately need is a sober, dispassionate look at the current state of affairs. Steven Levitsky and Daniel Ziblatt, two of the most respected scholars in the field of democracy studies, offer just that."—The Washington Post "Where Levitsky and Ziblatt make their mark is in weaving together political science and historical analysis of both domestic and international democratic crises; in doing so, they expand the conversation beyond Trump and before him, to other countries and to the deep structure of American democracy and politics."—Ezra Klein, Vox "If you only read one book for the rest of the year, read *How Democracies Die*. . . . This is not a book for just Democrats or Republicans. It is a book for all Americans. It is nonpartisan. It is fact based. It is deeply rooted in history. . . . The best commentary on our politics, no contest."—Michael Morrell, former Acting Director of the Central Intelligence Agency (via Twitter) "A smart and deeply informed book about the ways in which democracy is being undermined in dozens of countries around the world, and in ways that are perfectly legal."—Fareed Zakaria, CNN

Hard Ball

The Abuse of Power in Pro Team Sports *Princeton University Press*

What can possibly account for the strange state of affairs in professional sports today? There are billionaire owners and millionaire players, but both groups are constantly squabbling over money. Many pro teams appear to be virtual "cash machines," generating astronomical annual revenues, but their owners seem willing to uproot them and move to any city willing to promise increased profits. At the same time, mayors continue to cook up "sweetheart deals" that lavish benefits on wealthy teams while imposing crushing financial hardships on cities that are already strapped with debt. To fans today, professional sports teams often look more like professional extortionists. In *Hard Ball*, James Quirk and Rodney Fort take on a daunting challenge: explaining exactly how things have gotten to this point and proposing a way out. Both authors are professional economists who specialize in the economics of sports. Their previous book, *Pay Dirt: The Business of Professional Team Sports*, is widely acknowledged as the Bible of sports economics. Here, however, they are writing for sports fans who are trying to make sense out of the perplexing world of pro team sports. It is not money, in itself, that is the cause of today's problems, they assert. In fact, the real problem stems from one simple fact: pro sports are monopolies that are fully sanctioned by the U.S. government. Eliminate the monopolies, say Quirk and Fort, and all problems can be solved. If the monopolies are allowed to persist, so will today's woes. The authors discuss all four major pro team sports: baseball, football, basketball, and hockey. *Hard Ball* is filled with anecdotes, case studies, and factual information that are brought together here for the first time. Quirk and Fort devote chapters to the main protagonists in the pro sports saga--media, unions, players, owners, politicians, and leagues--before they offer their own prescription for correcting the ills that afflict sports today. The result is an engaging and persuasive book that is sure to be widely read, cited, and debated. It is essential reading for every fan.

Playing Hardball

Campaigning for the U.S. Congress *Pearson College Division*

Drawn from cutting-edge research by leading scholars in the field, this book focuses on the major obstacles politicians must confront when competing in congressional elections. The book examines candidate emergence strategy and targeting, fund-raising guidelines, negative advertising and voter mobilization. It provides readers with a manageable perspective on congressional elections and real-life American politics, enhancing readers' ability to make the connections between the theory and practice of politics. The essays address the campaign process and decision-making, the candidates, campaign finances, campaign staff and voter communication techniques. For individuals interested in the election process and political campaigning.

When Women Played Hardball *Seal Press*

Briefly traces the history of professional women's baseball, and offers profiles of seven players

Kennedy & Nixon**The Rivalry that Shaped Postwar America** *Simon and Schuster*

In this compelling, smart, and well-researched dual biography, Chris Matthews shows how the contest between the charismatic John F. Kennedy and the talented yet haunted Richard Nixon propelled America toward Vietnam and Watergate. John F. Kennedy and Richard Nixon each dreamed of becoming the great young leader of their age. First as friends, then as bitter enemies, they were linked by a historic rivalry that changed both them and their country. Fresh, entertaining, and revealing, Kennedy & Nixon reveals that the early fondness between the two men—Kennedy, for example, told a trusted friend that if he didn't receive the Democratic nomination in 1960, he would vote for Nixon—degenerated into distrust and bitterness. Using White House tapes, this book exposes Richard Nixon's dread of a Kennedy "restoration" in 1972 drove the dark deeds of Watergate. "Matthews tells his stories well, and Americans have a seemingly bottomless need to have these stories retold" (The New York Times Book Review).

Hardball *Orca Book Publishers*

Baseball season has begun for the South Coast Sharks. As a senior, Griffin has college in his sights and plans to land himself a baseball scholarship. His determination causes him to turn a blind eye to the hazing of new players by the team captain, Wade. But when Griffin senses that his cousin Carson is getting the brunt of Wade's aggression, Griffin finally stands up to him. Soon after, steroids are found in Carson's locker, and he's kicked off the team. Can Griffin stop Wade's reign of terror, prove his cousin's innocence and still stay on track with his baseball dreams?

His Very Best**Jimmy Carter, a Life** *Simon and Schuster*

From one of America's most respected journalists and modern historians comes the highly acclaimed, "splendid" (The Washington Post) biography of Jimmy Carter, the thirty-ninth president of

the United States and Nobel Prize-winning humanitarian. Jonathan Alter tells the epic story of an enigmatic man of faith and his improbable journey from barefoot boy to global icon. Alter paints an intimate and surprising portrait of the only president since Thomas Jefferson who can fairly be called a Renaissance Man, a complex figure—ridiculed and later revered—with a piercing intelligence, prickly intensity, and biting wit beneath the patented smile. Here is a moral exemplar for our times, a flawed but underrated president of decency and vision who was committed to telling the truth to the American people. Growing up in one of the meanest counties in the Jim Crow South, Carter is the only American president who essentially lived in three centuries: his early life on the farm in the 1920s without electricity or running water might as well have been in the nineteenth; his presidency put him at the center of major events in the twentieth; and his efforts on conflict resolution and global health set him on the cutting edge of the challenges of the twenty-first. "One of the best in a celebrated genre of presidential biography," (The Washington Post), *His Very Best* traces how Carter evolved from a timid, bookish child—raised mostly by a Black woman farmhand—into an ambitious naval nuclear engineer writing passionate, never-before-published love letters from sea to his wife and full partner, Rosalynn; a peanut farmer and civic leader whose guilt over staying silent during the civil rights movement and not confronting the white terrorism around him helped power his quest for racial justice at home and abroad; an obscure, born-again governor whose brilliant 1976 campaign demolished the racist wing of the Democratic Party and took him from zero percent to the presidency; a stubborn outsider who failed politically amid the bad economy of the 1970s and the seizure of American hostages in Iran but succeeded in engineering peace between Israel and Egypt, amassing a historic environmental record, moving the government from tokenism to diversity, setting a new global standard for human rights and normalizing relations with China among other unheralded and far-sighted achievements. After leaving office, Carter eradicated diseases, built houses for the poor, and taught Sunday school into his mid-nineties. This "important, fair-minded, highly readable contribution" (The New York Times Book Review) will change our understanding of perhaps the most misunderstood president in American history.

Kamala's Way**An American Life** *Simon and Schuster*

A revelatory biography of the first Black woman to stand for Vice President, charting how the daughter of two immigrants in segregated California became one of this country's most effective power players. There's very little that's conventional about Kamala Harris, and yet her personal story also represents the best of America. She grew up the eldest daughter of a single mother, a no-nonsense cancer researcher who emigrated from India at the age of nineteen in search of a better education. She and her husband, an accomplished economist from Jamaica, split up when Kamala was only five. The Kamala Harris the public knows today is tough, smart, quick-witted, and demanding. She's a prosecutor—her one-liners are legendary—but she's more reticent when it comes to sharing much about herself, even in her memoirs. Fortunately, former Los Angeles Times reporter Dan Morain has been there from the start. In *Kamala's Way*, he "offers an essential roadmap" (Politico) to her career from its beginnings handling child molestation cases and

homicides for the Alameda County District Attorney’s office and her relationship as a twenty-nine-year-old with the most powerful man in the state: married Assembly Speaker Willie Brown, a relationship that would prove life-changing. Morain takes readers through Harris’s years in the San Francisco District Attorney’s Office, explores her audacious embrace of the little-known Barack Obama, and shows the sharp elbows she deployed to make it to the US Senate. He analyzes her failure as a presidential candidate and the behind-the-scenes campaign she waged to land the Vice President spot. Along the way, he paints a “revealing portrait” (The New York Times Book Review) of her values and priorities, the sorts of problems she’s good at solving, and the missteps, risks, and bold moves she’s made on her way to the top. Kamala’s Way is essential reading for all Americans curious about the woman standing by Joe Biden’s side.

It's Time to Fight Dirty

How Democrats Can Build a Lasting Majority in American Politics *Melville House*

It's time to do more than protest In It’s Time to Fight Dirty, David Faris offers accessible, actionable strategies for American political reform which doesn't require a constitutional amendment, and would have a lasting impact on our future. With equal amounts of playful irreverence and persuasive reasoning, Faris describes how the Constitution’s deep democratic flaws constantly put progressives at a disadvantage, and lays out strategies for “fighting dirty” through obstructionism and procedural warfare: establishing statehood for D.C. and Puerto Rico; breaking California into several states; creating a larger House of Representatives; passing a new voting rights act; and expanding the Supreme Court. The Constitution may be the world’s most difficult document to amend, but David Faris argues that many of America’s democratic failures can be fixed within its rigid confines—and, at a time when the stakes have never been higher, he outlines a path for long-term, progressive change in the United States.

Hardball Religion

Feeling the Fury of Fundamentalism *Smyth & Helwys Publishing*

In November 2005, the International Mission Board of the Southern baptist Convention passed two policies: 1) that missionaries desiring to be appointed by the IMB be baptized in a Southern Baptist church; and 2) that prospective missionaries be disqualified from service if they used a private prayer language. Wade Burleson, a trustee of the IMB at the time, questioned the policies. Were they necessary? Were they scripturally sound? Were they in line with the 2000 Baptist Faith Message?

Playing Hard Ball *Little Brown GBR*

PLAYING HARD BALL is a unique sports book, a cultural comparison of two national games - cricket, English in origin and American baseball - written from the viewpoint of a top-class practitioner of both codes. Ed Smith - the young Cambridge University and Kent batsman - has spent the winters since 1998 in Spring Training with the New York Mets baseball team. It has enabled Ed to contrast

and compare arguably the two most iconic of sports from the inside. In fact, baseball had a thriving following in Britain until the Great War: Derby County's former stadium was called the Baseball Ground; Tottenham Hotspur was at first a baseball club. Apart from learning two very different techniques, Ed learned that the sports' ultimate heroes, the Babe and the Don - Babe Ruth and Don Bradman - might as well have come from different planets, whilst baseball's pristine Hall of Fame in Cooperstown is a far cry from the ramshackle cricket museum at Lord's. Ed Smith's PLAYING HARD BALL draws on these intriguing comparisons to paint a two-sided portrait of sports most illustrious 'hitting games'.

Chris Matthews Complete Library E-book Box Set

Tip and the Gipper, Jack Kennedy, Hardball, Kennedy & Nixon, Now, Let Me Tell You What I Really Think, and American *Simon and Schuster*

The complete works of Chris Matthews, from his penetrating biographies—Jack Kennedy; Kennedy and Nixon; & Tip and the Gipper— to the trenchant political analysis of American; Hardball; & Now, Let Me Tell You What I Really Think. Tip and the Gipper is a magnificent personal history of a time when two great political opponents served together for the benefit of the country. Chris Matthews was an eyewitness to this story as a top aide to Speaker of the House Tip O’Neill. Kennedy and Nixon: John F. Kennedy and Richard Nixon each dreamed of becoming the great young leader of their age. First as friends, then as bitter enemies, they were linked by a historic rivalry that changed both them and their country. Jack Kennedy: What was he like, this man whose own wife called him "that elusive, unforgettable man"? In this New York Times bestselling biography, Chris Matthews answers that question with the verve of a novelist. American: People have often wondered what makes America truly great. In American, Matthews explores the best America stands for and portrays our country as a beacon for the modern world. Now, Let Me Tell You What I Really Think: In this memoir spanning the Cold War to the Clinton years, Matthews describes his "God and Country" Catholic school education in Philadelphia, complete with air-raid drills and his early enthusiasm for politics. He shares with us his life's adventures and his three decades deep in the "belly of the beast" of American politics. Hardball: Chris Matthews has spent a quarter century on the playing field of American politics—from right-hand man of Speaker of the House Tip O'Neill, to host of NBC's highest rated cable talk show Hardball. In this revised and updated edition of his political classic, he offers fascinating new stories and reveals the inside rules that govern the game of power.

Power Game

How Washington Works *Ballantine Books*

Washington, D.C. The one city that affects all our lives. The one city where the game has only one name: Power. Hedrick Smith, the Pulitzer Prize-winning ex-Washington bureau chief of The New York Times, takes us inside the beltway to show who wields the most power—and for what ends. The Power Game explains how some members of Congress have built personal fortunes on PAC money, how Michael Deaver was just the tip of the influence-peddling iceberg, how “dissidents” in the

Pentagon work to keep the generals honest, how insiders and “leakers” use the Times and The Washington Post and their personal bulletin boards. Congressional staffers more powerful than their bosses, media advisors more powerful than the media, money that not only talks but intimidated and threatens. That’s Washington. That’s The Power Game. Praise for Power Game “The Power Game may be the most sweeping and in many ways the most impressive portrait of the culture of the federal government to appear in a single work in many decades. . . . Knowledgeable and informative.”—The New York Times Book Review “There are oodles of good yarns in this book about the nature of power and the eccentricities that accompany it. . . . Delightfully fresh . . . [Hedrick] Smith is a superb writer.”—The Washington Post “Not only the inside stuff, but the insightful stuff—an original view of the power playing.”—William Safire

Ardent Spirits

Leaving Home, Coming Back *Simon and Schuster*

Recounts the author's observations of post-World War II Great Britain, his Oxford University education, and his encounters with such figures as J.R.R. Tolkien, W.H. Auden, and Stephen Spender.

American

Beyond Our Grandest Notions *Simon and Schuster*

From Chris Matthews, host of MSNBC's Hardball and NBC's The Chris Matthews Show, and New York Times bestselling author of *Now, Let Me Tell You What I Really Think*, comes a definitive work on the lifeblood of America -- its enduring spirit. People have often wondered what makes America truly great. With a citizenry of vastly different races, religions, cultures, and ethnic backgrounds, what intangible bond unites and defines us as "Americans"? In his own inimitable style, Chris Matthews offers a portrait of a country born of contradictions. We are a people reluctant to fight, who become ferocious when threatened or attacked. We are a deeply practical nation, yet we stand as the world's great optimists. Inherently suspicious of governmental power, we still embrace our flag in times of danger. Fiercely independent, in love with freedom, and eager to face the future, we are like no other people on earth. Matthews asserts that our greatest strength is a set of distinct notions that comprise our national character. The self-made man. The reluctant warrior. The lone hero. We celebrate them in our popular culture and throughout our history, from 1776 to 9/11. In *American*, Matthews explores the best America stands for and portrays our country as a beacon for the modern world -- unafraid of challenges, moving ever forward, and ready and willing to prevail.

The Way to Win

Taking the White House in 2008 *Random House*

In *The Way to Win*, two of the country's most accomplished political reporters explain what separates the victors from the victims in the unforgiving environment of modern presidential campaigns. Mark Halperin, political director of ABC News, and John F. Harris, the national politics

editor of The Washington Post, tell the story of how two families—the Bushes and the Clintons—have held the White House for nearly a generation and examine Hillary Clinton's prospects for extending this record in 2008. Based on years of research, including private campaign memos and White House communications, *The Way to Win* reveals the surprising details of how the Bushes and Clintons have closely studied each the other's successes and failures and used these lessons to shape their own strategies for winning elections and wielding power. In the case of George W. Bush, the strategic genius is Karl C. Rove, arguably the most influential White House aide in history. For the first time, Halperin and Harris cut through the myths and controversies surrounding Rove to illuminate in brilliant, behind-the-scenes detail what he actually does—his Trade Secrets for winning elections. In the case of the Clintons, the chief strategist is Bill Clinton himself. Drawing on their fifteen years reporting on and interviewing him, Halperin and Harris deconstruct and decipher the Clinton style, identifying the methods that all candidates can use in their pursuit of the White House. *The Way to Win* takes a lively and irreverent approach, but Halperin and Harris also show the disturbing ways that American politics has become a Freak Show—their name for a political culture that provides incentives for candidates, activists, interest groups, and the news media to emphasize ideological extremism and personal attack. For the first time, Halperin and Harris describe how Freak Show campaigns orchestrated by the likes of Internet pioneer Matt Drudge forced Al Gore and John Kerry to lose control of their public images (with considerable help from the candidates' own ineptitude) and lose the White House. On the brink of what will be one of the most intense, most exciting presidential elections in American history, *The Way to Win* is the book that armchair political junkies have been waiting for. Filled with peerless analysis and eye-opening revelations from the trenches, it is a must read for everyone who follows American politics.

Betrayal

The Final Act of the Trump Show *Penguin*

THE INSTANT New York Times, Wall Street Journal, USA Today, and IndieBound BESTSELLER An NPR Book of the Day Picking up where the New York Times bestselling *Front Row at the Trump Show* left off, this is the explosive look at the aftermath of the election—and the events that followed Donald Trump's leaving the White House—from ABC News' chief Washington correspondent. Nobody is in a better position to tell the story of the shocking final chapter of the Trump show than Jonathan Karl. As the reporter who has known Donald Trump longer than any other White House correspondent, Karl told the story of Trump's rise in the New York Times bestseller *Front Row at the Trump Show*. Now he tells the story of Trump's downfall, complete with riveting behind-the-scenes accounts of some of the darkest days in the history of the American presidency and packed with original reporting and on-the-record interviews with central figures in this drama who are telling their stories for the first time. This is a definitive account of what was really going on during the final weeks and months of the Trump presidency and what it means for the future of the Republican Party, by a reporter who was there for it all. He has been taunted, praised, and vilified by Donald Trump, and now Jonathan Karl finds himself in a singular position to deliver the truth.

The Man Who Ran Washington

The Life and Times of James A. Baker III *Anchor*

BEST BOOK OF THE YEAR: The New York Times • The Washington Post • Fortune • Bloomberg From two of America's most revered political journalists comes the definitive biography of legendary White House chief of staff and secretary of state James A. Baker III: the man who ran Washington when Washington ran the world. For a quarter-century, from the end of Watergate to the aftermath of the Cold War, no Republican won the presidency without his help or ran the White House without his advice. James Addison Baker III was the indispensable man for four presidents because he understood better than anyone how to make Washington work at a time when America was shaping events around the world. The Man Who Ran Washington is a page-turning portrait of a power broker who influenced America's destiny for generations. A scion of Texas aristocracy who became George H. W. Bush's best friend on the tennis courts of the Houston Country Club, Baker had never even worked in Washington until a devastating family tragedy struck when he was thirty-nine. Within a few years, he was leading Gerald Ford's campaign and would go on to manage a total of five presidential races and win a sixth for George W. Bush in a Florida recount. He ran Ronald Reagan's White House and became the most consequential secretary of state since Henry Kissinger. He negotiated with Democrats at home and Soviets abroad, rewrote the tax code, assembled the coalition that won the Gulf War, brokered the reunification of Germany and helped bring a decades-long nuclear superpower standoff to an end. Ruthlessly partisan during campaign season, Baker governed as the avatar of pragmatism over purity and deal-making over division, a lost art in today's fractured nation. His story is a case study in the acquisition, exercise, and preservation of power in late twentieth-century America and the story of Washington and the world in the modern era—how it once worked and how it has transformed into an era of gridlock and polarization. This masterly biography by two brilliant observers of the American political scene is destined to become a classic.

Safe at Home

The True and Inspiring Story of Chicago's Field of Dreams *Zondervan Publishing Company*

The exciting life of one committed man whose simple little idea ("Let's play ball!") God is using to make a huge impact on thousands of disenfranchised children, their families, their community, their city and their world.

Taking Back the Constitution

Activist Judges and the Next Age of American Law *Yale University Press*

How the Supreme Court's move to the right has distorted both logic and the Constitution What Supreme Court justices do is far more than just "calling balls and strikes." The Court has never simply evaluated laws and arguments in light of permanent and immutable constitutional meanings. Social, moral, and yes, political ideas have always played into the justices' impressions of how they

think a case should be decided. Mark Tushnet traces the ways constitutional thought has evolved, from the liberalism of the New Deal and the Great Society to the Reagan conservatism that has been dominant since the 1980s. Looking at the current crossroads in the constitutional order, Tushnet explores the possibilities of either a Trumpian entrenchment of the most extreme ideas of the Reagan philosophy, or a dramatic and destabilizing move to the left. Wary of either outcome, he offers a passionate and informed argument for replacing judicial supremacy with popular constitutionalism—a move that would restore to the other branches of government a role in deciding constitutional questions.

The Little Book of Talent

52 Tips for Improving Your Skills *Bantam*

A manual for building a faster brain and a better you! The Little Book of Talent is an easy-to-use handbook of scientifically proven, field-tested methods to improve skills—your skills, your kids' skills, your organization's skills—in sports, music, art, math, and business. The product of five years of reporting from the world's greatest talent hotbeds and interviews with successful master coaches, it distills the daunting complexity of skill development into 52 clear, concise directives. Whether you're age 10 or 100, whether you're on the sports field or the stage, in the classroom or the corner office, this is an essential guide for anyone who ever asked, "How do I get better?" Praise for The Little Book of Talent "The Little Book of Talent should be given to every graduate at commencement, every new parent in a delivery room, every executive on the first day of work. It is a guidebook—beautiful in its simplicity and backed by hard science—for nurturing excellence."—Charles Duhigg, bestselling author of *The Power of Habit* "It's so juvenile to throw around hyperbolic terms such as 'life-changing,' but there's no other way to describe The Little Book of Talent. I was avidly trying new things within the first half hour of reading it and haven't stopped since. Brilliant. And yes: life-changing."—Tom Peters, co-author of *In Search of Excellence*

Tip and the Gipper

When Politics Worked *Simon and Schuster*

The New York Times bestseller about the historic dealings between Ronald Reagan and Tip O'Neill—"A superb tribute to the neglected art of compromise" (Daily News (New York)). Tip and the Gipper is an "entertaining and insightful" (The Wall Street Journal) history of a time when two great political opponents served together for the benefit of the country. Chris Matthews was an eyewitness to this story as top aide to Speaker of the House Tip O'Neill, who waged a principled war of political ideals with President Ronald Reagan from 1980 to 1986. Together, the two men became one of history's most celebrated political pairings—the epitome of how ideological opposites can get things done. When Reagan was elected to the presidency in a landslide victory over Jimmy Carter, Speaker O'Neill was thrust into the national spotlight as the highest-ranking leader of the Democratic Party—the most visible and respected challenger to President Reagan's agenda of cutting the size of government programs and lowering tax rates. Together, the two leaders fought over the major

issues of the day—welfare, taxes, covert military operations, and social security—but found their way to agreements that reformed taxes, saved Social Security, and, their common cause, set a course toward peace in Northern Ireland. Through it all they maintained respect for each other’s positions and worked to advance the country rather than obstruct progress. At the time of

congressional gridlock, Tip and the Gipper stands as model behavior worthy of study by journalists, academics, and students of the political process for years to come. “This book is an invitation to join Tip and the Gipper in tall tales about how grand it was in the old country” (The Washington Post).
