The Navajo code talkers were a group of Native American soldiers that participated in both World Wars. The Native American soldiers used their own native languages in radio transmission. Their role during transmission of vital information about the situation on the battlefield was crucial, as they used a code the enemy could not break.

Who Were The Navajo Code Talkers? - WorldAtlas

A code talker was a person employed by the military during wartime to use a little-known language as a means of secret communication. The term is now usually associated with United States service members during the world wars who used their knowledge of Native American languages as a basis to transmit coded messages. In particular, there were approximately 400 to 500 Native Americans in the United States Marine Corps whose primary job was to transmit secret tactical messages. Code talkers transm
