Magic, science, and religion are culturally constructed concepts that we use as ways of apprehending, comprehending, and interacting to orient ourselves within the world. A world without meaning cannot be interpreted—chaos, a state of complete disorder and confusion, is the most feared idea by humans.

Magic, Science, And Religion - 1542 Words | Bartleby

Magick, in the context of Aleister Crowley's Thelema, is a term used to show and differentiate the occult from performance magic and is defined as "the Science and Art of causing Change to

occur in conformity with Will", including "mundane" acts of will as well as ritual magic. Crowley wrote that "it is theoretically possible to cause in any object any change of which that object is capable by nature". John Symonds and Kenneth Grant attach a deeper occult significance to this preference. Crowley

Magick (Thelema) - Wikipedia

The most important magic word is "yes" and the word you should avoid the most is "no." Grab attention by using names and direct attention by saying "but." "Because" and "if" motivate people to act and think.
