The transmission of
 your vehicle is another
 important factor to
 consider when

choosing a car. It refers to the component of the car that distributes the torque and engine power to the drive wheels. Nowadays, the transmission can be manual, automatic, and continuous variable transmission. Manual transmission gives the driver full control of changing the gears, and automatic transmission provides a relaxed and convenient driving experience.

Buying New vs. Used.
One way to get closer to the convertible of your dreams (or other higher-end car) is to take a look at used cars. An older car with

low mileage may be hard to find, but can be a great deal. Another benefit of buying a used car, especially if you are a new driver, is that the car will likely already have a few dings and dents.
